U.N. Units Probe Into Deserted City Of Pyonggang Again

By DON DIXON

(U. N. S. Staff Correspondent)
U.S. EIGHTH ARMY HEADQUARTERS, Korea, Aug. 9.—Allied troops on the east central Korean front plugged forward on their "limited objective attack" despite mud and rain Wednesday and shot patrols to the apex of the deserted Iron Triangle.

United Nations units probed northward into the deserted Iron Triangle city of Pyonggang without meeting Red opposition.

It was the first time in two weeks that Allied units have entered the city which is at the top of the former Red buildup area from which two large Communist attacks were launched.

Rains Halt Tanks Use

The probing units were unable to use tanks because of the torrential rains of the Korean wet season which have swelled streams, making some of them impassable and leaving the dirt roads soft with slimy mud.

The probes also inspected the area around Pyonggang without meeting any opposition or observing any Communist activity. They returned to the U.N. lines before dark.

Elsewhere on the front, action was confined to patrol clashes. One reinforced U.N. patrol at the base of a hill in "no-man's-land" was attacked three times by the Reds and forced to withdraw to Allied lines.

Beat Off Patrol

The patrol beat off a small Red patrol in a 15-minute battle and was then attacked by two more.

Hardworking playground youngsters are hoping for good weather tonight when their circus gets underway at 7 o'clock at Taggart Stadium. The event should prove a worthwhile one and should attract a good crowd.

Widening of the 3d section of the new section and the borough of New Wilmington will prove a boon to traffic in that section of the county. The road is presently 16 feet wide and hardly safe enough for present day accelerated travel.

The old Wagner homestead on North Mercer street, near the News office is slowly disappearing under the hand of dismantlers. The roof has been torn from the building and most of the inside has been taken out.

The heart of one youthful swimmer was made glad at the East Washington street bridge this week when the young man dove into the water for a rather large coin that was tossed in by a spectator above. When retrieved, the swimmer discovered that his find was a cartwheel dollar. Evidently, it was the biggest coin ever tossed into the stream since swimming began there many years ago.

Slow delivery of fabricated steel for the decking of the new bridge over the Little Neshannock creek near Wilmington Junction is holding up that project. When this steel arrives it is expected that little time will be lost in completing the work and throwing the structure open to traffic.

A potato plant brought in by W. G. Campbell of Castlewood, grown by his neighbor G. L. Reno, produced potato seeds which resemble small green tomatoes. The News was informed that if these

Farrell Delegation Makes Stop Here

City of Farrell's Mayor, Michael Nevant (left in center of group) presented New Castle's Mayor John Haven with a gift, as the Farrell Golden Jubilee caravan stopped in the city this morning. With Mayor Nevant was an entourage of beautiful girls and Farrell dignitaries. The gift was a hand engraved dinner plate depicting the history of Farrell. The Jubilee will be held on August 12 through the 18th. The "good will" tour was to make Slippery Rock their next stop.

Will Seek \$140,463 Goal In Community Chest Drive

Community Chest of New Castle and vicinity has set its goal for the 1951 campaign in October at \$140,463, it was announced Wednesday evening at a special meeting of the Chest board of directors at the Castleton hotel.

This goal, slightly higher than the 1950 goal, included an additional agency to the Community Chest. This agency—the United Defense Fund—brings the number of agencies in the Chest to 13.

The figure arrived at is the result of much study on the part of the chest agencies, the budget committee and the board of directors.

Each agency worked out its budget and submitted its needs for the year to the budget committee of the chest. The budget committee studied these needs, cut them where needed, and approved the bare minimum requirements in order to keep the goal as low as possible.

United Defense Fund

There was much discussion on the part of the budget committee and the board of directors concerning the admission of the United Defense Fund to the Community Chest in view of the fact that the Chest budget committee allotted only \$3,000 for the UDF and the United Defense Fund quota was \$8,966.

After a special meeting of both the budget committee and the

Appointments Are Approved By Committee

BULLETIN

WASHINGTON, Aug. 9.—(INS)—The senate armed services committee today approved the four-year appointment of Adm. William M. Fechteler as chief of naval operations, succeeding the late Adm. Forrest Sherman.

The committee also approved the appointment of Gen. Omar N. Bradley for another two-year term as chairman of the joint chiefs of staff.

Vice Adm. Donald B. Duncan was approved to be vice chief of naval operations with the rank of full admiral and Rear Adm. James Fife, Jr., was recommended as deputy chief of naval operations with the rank of vice admiral.

To Buy Thousand Trailers For Flood Victims In Midwest

WASHINGTON, Aug. 9.—(INS)—The Housing and Home Finance Agency announced today that 1,000 family-type trailers are being purchased by the government to house flood victims in the Midwest.

Housing Administrator Raymond M. Foley said that President Truman has approved the spending of \$3,500,000 on the trailers out of emergency disaster funds authorized by Congress.

Foley said that the trailers will be delivered "as soon as sites are ready in local communities requesting them."

Two Earthquake Shocks In Italy

ROME, Aug. 9.—(INS)—Residents of central Italy braced themselves today for a possible repetition of the two earthquakes which struck last night and were felt from Rome to the Adriatic coast.

No damage was reported as a result of the two shocks, one lasting six seconds and the other three seconds, but some panic was reported, especially in the rural areas.

The shocks were felt in the provinces of Latium, Abruzzi, Umbria and Marche.

New Trouble Moves Expected From Russia

By GEORGE DUNO

(U. N. S. Staff Correspondent)

WASHINGTON, Aug. 9.—The United States expects today that the western rebuff of Russia's latest "peace" move will stir the Soviets into creating new trouble in the Far and Middle East, the Balkans and other key areas.

The U. S., Britain and France rejected the Kremlin proposal for a five-power non-aggression pact, which would include Red China, as a repetition of earlier Soviet propaganda policy.

Secretary of State Acheson warned specifically that the Soviet Union might make several moves aimed at disturbing world peace before world powers assemble in San Francisco on Sept. 4 to sign a Japanese peace treaty.

Possible Soviet Moves
He declined to speculate on their nature, but other officials suggested the possibility that the USSR will:

1. Attempt to turn the San Francisco meeting from a careful reconciliation of world powers to a planned formalization of Japan.

Miss Pennsylvania Is Named For Year

HARRISBURG, Aug. 9.—(INS)—Eighteen-year-old Clare Lippert, a tall brunet from Tarentum, today started her reign as Miss Pennsylvania.

Miss Lippert's beauty plus her talent as a singer won her the judges' verdict last night over 14 other contestants in the state finals at Harrisburg. She will represent Pennsylvania in the Miss America contest at Atlantic City in September.

The Pennsylvania title carries with it a four-year college scholarship and Miss Lippert said she will use it to study dramatics.

The new Miss Pennsylvania stands five feet, six inches, and weighs 117 pounds.

Runner-up was Elizabeth Redclay of Selinsgrove, a senior at Mansfield State Teachers college.

State Legion Has Battle For Commander

PITTSBURGH, Aug. 9.—(INS)—Rival factions of the Pennsylvania American Legion today campaigned for their candidates for the office of state commander while talk of a dark horse also was heard.

Mostly prominently mentioned at the 33rd annual convention of the Pennsylvania Legion in Pittsburgh for department commander were John H. Elder, Jr., a Pittsburgh attorney, and Jack R. Dodson, of Punxsutawney, a state police lieutenant.

Elder formerly was Allegheny county commander in 1941, and Dodson is a past district commander as well as a past state vice commander for the western district.

Bitter Rivalry

Signs of bitterness marked the rivalry between opposing camps, with candidates reportedly not speaking to each other outside of caucus rooms and refusing to pose for photographs together.

Talk of a dark horse candidate sprung up as a possible "compromise" but no one was able to give any clue to who that might be.

Present State Commander Joseph S. McCracken, who will leave office with election of a new commander on Saturday, is from Kingston in the eastern part of the state.

The convention, which opened

20,000 Letters Nearly Wrecked Marriage

MARTINEZ, Cal., Aug. 9.—(INS)—A British war bride and her ex-Air Force husband are together again today after a leopard skin "Bikini" bathing suit and some 20,000 letters nearly wrecked their marriage.

It all started when Mrs. Pauline Carter Grisham, 27, of Martinez, wrote a letter to her native England saying she was happy but homesick in the United States and would correspond with anyone who would write to her.

The letter—plus a picture of her in a scanty leopard skin bathing suit published in a London newspaper—brought a deluge of some 20,000 fan letters to Mrs. Grisham.

At that point her husband, James, an oil company employee formerly with the Eighth Air Force in England, left home.

Mrs. Grisham filed suit for divorce on Monday.

But late yesterday she announced a reconciliation with her husband. She added that he decided he liked the bathing suit after all.

New York Underworld Probe Will Resume

WASHINGTON, Aug. 9.—(INS)—The Senate Crime Committee announced today that it will resume its hearings on the New York underworld in Washington next Wednesday.

Chairman O'Connor (D) Md., made the announcement and said the hearings will be conducted in the capital to permit senators to remain close to the scene of legislative activity.

Route 18 Will Be Reopened On Friday Morning

New Road Section By-Passing Sinkhole Has Been Completed

Final chapter in the story of Lawrence county's sinking highway is expected to be written Friday morning at 8 o'clock when the new section of Route 18, just south of the city is officially to be thrown open to traffic.

Alfred A. Martin, County Highway Superintendent for the State Highway Department revealed today that the new 1400 foot black-top section of road will be ready for public travel tomorrow morning, following a four month closing of the road between New Castle and the valley towns.

Motorists unfamiliar with local roads have had to make a lengthy 17 mile detour around the highway repair work making use of Route 88 and 288 through New Castle and Ellwood City. Detour signs will be removed also on Friday morning indicating that the detour has been ended.

Began Last April

The Route 18 difficulty began last April, when highway employees noted that the road was sinking away. A sharp vigilance was kept on the section and it was necessary to impose one way traffic on the route. The sinking condition continued to such an extent that it was necessary to close the road entirely, diverting traffic to other roads.

The highway section, approximately 500 feet in length continued to plunge downward, attracting the attention of hundreds and hundreds of motorists who were as puzzled as highway officials over the phenomenon.

The descent of what was once a busy highway, along with hundreds of tons of earth and stone continued until the highway rested between 50 and 60 feet below its original level.

A conference of highway officials resulted in tests being taken by engineers. The tests revealed that the road had stabilized and

Acheson Seeks Support For Foreign Aid

WASHINGTON, Aug. 9.—(INS)—Secretary of State Acheson made a surprise visit to the capitol today in an effort to line up support for the administration's 8.5 billion dollar foreign aid program which faces a cut.

Acheson conferred privately with chairman Connally (D) Tex., of the Senate foreign relations committee. Connally told a newsman that Acheson sought to show that "the economic aid in the bill is not as large as some people think."

The cabinet member met with Connally shortly before Gen. Omar N. Bradley went before the Senate committee to tell how the administration propose to spend 6.3 billion dollars in requested arms aid to fortify global defenses against communism.

Truck Driver Dies In Ellwood

Accident Occurs Shortly Before Noon

Deputy Coroner Robert Dambach of Ellwood City reported that Carl A. Collins of 400 1/2 Sexton street, Struthers, O., met almost instant death at 11:20 a. m. today at the corner of Fourth street and Franklin avenue, Ellwood City, in a truck-auto crash.

According to Mr. Dambach, Collins was driving a Schwebel baking truck, while Joseph Brandon of R. D. 2, Ellwood City, was driving a Plymouth coupe. The two vehicles collided and the truck overturned, throwing Collins out onto the street.

The injured man was taken to the Ellwood City hospital where he was pronounced dead upon arrival. He received internal injuries and shock.

City and state police are investigating the cause of the accident. Brandon, it is reported, was unhurt.

New Attempt To Limit Number Of U.S. Troops For Europe

WASHINGTON, Aug. 9.—(INS)—Republicans mounted a new attempt to limit the number of U. S. troops to be sent to Europe today as the House prepared to begin voting on the giant 56 billion dollar military appropriation bill.

The troop-limitation amendment is sponsored by Rep. Coudert (R) N. Y., who claims the proposal has the blessing of the GOP leadership.

It would bar the sending of more than six divisions to serve in Gen. Eisenhower's North Atlantic pact army. It is similar to an amendment which was rejected earlier this year by a five-vote margin.

More Protests Made By Reds In Messages

Accusations Made Of Violations By U.N. Forces Are Denied

By HOWARD HANDLEMAN

(Far Eastern Director, U. N. S.)

UN TRUCE CAMP NEAR KAESONG, Aug. 9.—The Reds

promised tonight to keep their troops out of the Korean truce conference site but formally accused the Allies of two military violations against the neutrality of Kaesong and a road leading to it.

In one message, asking renewal of the talks, the Communist High Command told Gen. Matthew B. Ridgway the inviolability of Kaesong will be respected unless the Allies harbor the "intention" of "provoking" incidents to end the negotiations.

In another note, the Reds protested against what they termed two attacks by United Nations forces in violation of Kaesong's demilitarized zone and the purported immunity of a North Korean highway to the conference site.

Vice Adm. Charles Turner Joy, chief UN delegate who received the protest, rejected one of the enemy complaints and promised to give the second "such consideration as it deserves."

Chided UN Command

In their message to Ridgway, the Communists chided the UN supreme commander for breaking off the Kaesong talks five days ago because Red troops had marched past the conference house last Saturday.

They objected also to Ridgway's demand last Tuesday for a new guarantee that the UN would respect the neutrality of Kaesong. They said they

Seek Answer To Problem Of New State Tax

HARRISBURG, Aug. 9.—(INS)—A six-man Senate tax-finding committee today struggled for the answer to the fiscal problem facing the commonwealth.

Reports from the first day's meeting were not bright.

The committee never got down to discussing a substitute for the twice-rejected income tax but instead juggled figures, according to Chairman T. Newell Wood (R) Luzerne.

"We spent most of the day going over facts and figures to see how Pennsylvania compares with other states on per capita taxes. Thirty-eight are higher.

No Specific Tax
"There was no discussion on any specific tax although we are cognizant of the fact that only six states do not have broad base taxes and Pennsylvania is one of them."

Gov. John S. Fine's repudiated income tax would have taken \$5 from each \$1,000 earned yearly by

Senator Duff Labels Proposal In Korea A 'Fake'

PITTSBURGH, Aug. 9.—(INS)—U. S. Senator James H. Duff today labeled the Communist cease-fire proposal in Korea a "fake" designed to woo the United States into complacency.

The junior senator from Pennsylvania at the same time recommended hanging as the penalty for "traitors in this country" who plot with Russia to overthrow the United States by force.

He further warned that "the days of softness" are ended and Russia must be made to realize that further aggression "can only result in another world war."

Duff sounded his warnings from the platform of Memorial Hall in Pittsburgh in an address before the 33rd annual convention of the Pennsylvania American Legion.

Race Fixing Charge At Ontario Track

WELLAND, Ont., Aug. 9.—(INS)—Additional disclosures of race-fixing in Ontario were forecast by authorities today following the arrest of New Jersey jockey Robert Wankmueller on a charge of conspiring to defraud.

Seven jockeys charged before the Ontario racing commission that Wankmueller—now ruled off all Ontario tracks for life—offered them money to pull their horses in certain races.

Wankmueller came from his Newark, N. J., home, where he was awaiting a draft call, to testify before the commission.

Jockey Phil Marchese of Pawtucket, R. I., was ruled off all Ontario tracks for life last week.

Gen. Bradley Opposes Cut In Arms Aid

WASHINGTON, Aug. 9.—(INS)—Gen. Omar N. Bradley warned senators today that there has been "no great improvement" in relations with Russia and the recent Soviet peace proposal was a move "to interrupt our defense effort."

At the same time, Bradley urged congress not to cut the arms aid program and said that the proposed 6.3 billion dollar program may be insufficient because of rising prices.

Chairman Connally (D, Tex.) of the senate foreign relations and armed services committee which heard Bradley, said after the closed-door meeting that more U. S. troops, in addition to the six divisions already planned, "may be needed later on in Europe."

However, Connally said this was his personal opinion. He denied it was based on anything Bradley said at today's session.

Bradley, chairman of the joint chiefs of staff, approved a statement on his testimony which disclosed that he testified that "nothing Russia has done indicates she has changed her intention."

The general said that even if the Korean fighting is settled, it will mean only that "we have met one more challenge and other challenges are coming up." He said that "it is dangerous to try to guess what Russia will do—we must take steps to meet their capabilities."

Connally said he does not know how many divisions the proposed military aid will equip because of rising prices. He told newsmen: "The money in this bill will not arm as many divisions as planned when the bill was being prepared. We can't tell how many divisions we will have at this time because it is flexible."

"The plan (for defense of western Europe) was based on six divisions. We may need more later on."

MORE PROTESTS MADE BY REDS

(Continued From Page One)

already had given such a guarantee "with sincerity" and will live up to it unless the Allies "have the intention of provoking incidents" as a means of suspending the cease-fire talks.

A UN truce camp officer announced late Thursday night that three written copies of the Communist note to Ridgway had been delivered to an Allied liaison officer between Kaesong and the UN truce camp, the first formal Communist protest regarding truce conference arrangements was signed by North Korean Gen. Nam Il, chief Red delegate.

Charges Made

It claimed that two UN warplanes last Tuesday, August 7th, bombed and machine gunned "a truck of our delegation with a white cloth over its hood and carrying a white flag."

The alleged air attack, the note said, was made "twice consecutively, a point four miles north of Sibyon while the Red delegation truck was 'on its way' from Kaesong to the North Korean capital of Pyongyang."

The Communists declared that the second incident was "the shooting at Pan Mun Jom (a Red outpost in Kaesong's southern outskirts) by your armed personnel," also last Tuesday.

From the Allied armistice camp, Adm. Joy promptly dispatched a reply by courier. He termed the first Red complaint "without validity," pointing out the Reds previously had been taking their vehicles on the Pyongyang-Kaesong road would be exempt from attack only if they gave prior notification to the UN of the route and time of travel.

Joy recalled that the Reds had notified the UN of their vehicle movements to Kaesong on July 9th, the day before the truce conference opened. He implied they had given no such notification since then.

"I note," the UN delegation chief wrote to Nam Il, "that the location of the attacks you allege is considerably east of the main road between Pyongyang and Kaesong."

Abusing White Markings
"This fact raises the question in my mind whether your forces are abusing the use of white markings for purposes other than serving your delegation."

Regarding the second complaint in Nam Il's protest, Joy observed that the purported incident was not reported until Wednesday through liaison officers.

"I note that you delayed more than 24 hours in transmitting this report," the American admiral wrote. "This thereby precluded a timely investigation."

"However, the matter is now being given such consideration as it deserves."

At Ridgway's Tokyo headquarters, a spokesman said later that the Red charge of an attack on the enemy outpost of Pan Mun Jom was "unfounded."

Nam Il's protest to Joy was delivered by a Red liaison officer at 10:15 o'clock Thursday morning but was not released for publication until nearly 10 p.m. (8 a.m. EDT). At the latter hour, Joy's reply also was released.

The Red high command's message to Ridgway was broadcast by Radio Peiping shortly before 6 p.m. Thursday (4 a.m. EDT).

After these squads were beaten off the UN patrol was hit by 150 rounds of 82 and 120 millimeter mortar fire. Before the Reds could follow up the mortar barrage the Allied patrol called in UN artillery fire and withdrew to Allied lines.

The rainy weather also forced planes of the Fifth Air Force to fly under low hanging clouds to bomb supply vehicles and North Korean airfields. Many of the planes were forced to use radar to find their targets.

The weather also kept navy and marine pilots on board their carriers although a few sea-based planes attacked supply and troop installations on both sides of the Korean peninsula.

Surface shelling of the Wonsan, Yonam and Sonjin areas by UN naval forces continued unabated.

Prohibition Party Chairman Confers With McGaffie Here

Lining up his party's platform and policies for the 1952 election campaign, Gerald Overholt, national chairman of the Prohibition party, was in New Castle recently, it was learned today. He was conferring with national committee member P. M. McGaffie, 834 Beckford street.

Overholt is from Winona Lake, Ind., a dry resort town in wet Indiana.

"I would favor restoration of the complete alcoholic prohibition should the Prohibition party come into power," Overholt has stated. He adds, "However, my personal aversion to the stuff would not necessarily rule out some sort of compromise."

A Methodist preacher, Overholt was appointed to serve the uncompleted term of Virgil C. Fennell, who resigned recently as national chairman.

The party's convention will be held at Winona Lake, Ind., on November 13 through 15.

ROUTE 18 WILL BE REOPENED FRIDAY

it was safe to fill in the gaping cavity which could easily hold a hundred or so vehicles without difficulty.

Fill Is Started
Quickly filled were advertised for the filling in of the road section with the first successful bidder unable to carry out his contract and another delay in opening the important road to traffic resulted. A second bidder, began fulfilling his obligation to fill in the section with approximately 12,000 tons of materials, which were felt necessary to close the gap.

When nearly half of the materials were dumped into the hole, alert workmen discovered that the weight of the new materials was once more pushing the road down again. Continued dropage proved that the fill job was useless and decision to abandon the ill fated section was made.

Another hasty consultation advised purchasing a section of the adjacent farm and build an entire new section of road. Condemnation proceedings and other necessary steps delayed the work somewhat. When actual construction of the new section started, little time was lost by workmen in building the new road.

Little fanfare will be in effect with the opening of the road Friday, but the new stretch reveals where there's a will there's a way. Determined engineers can and will build a road if given time, materials and machinery.

Contractor on the job is engaged in a few minor last minute finishing touches on the route which will enable acceptance by the highway department when completed. The old route will be turned back to township supervisors for their maintenance.

Escorted by a police cruiser, several carloads of Farrell citizens paraded New Castle's business area at 11 a.m. today in connection with the Golden Jubilee celebration of that town which starts on August 12. The group, sounding horns, attracted considerable attention.

ACHESON SEEKS SUPPORT FOR FOREIGN AID

(Continued From Page One)

badly split on proposed aid to Formosa, with chairman Connally (D) Texas, lined up in opposition to the administration request.

Bradley is expected to be questioned specifically about the 307 million dollars which the administration is reported to have secretly asked for the nationalist Chinese stronghold.

Of this, 217 million dollars is understood to be for arms, tanks and other munitions for Generalissimo Chiang Kai-Shek's forces.

Connally said, "I don't think Formosa needs any military aid as long as Chiang Kai-Shek is there. If he can't protect Formosa, he can't protect anywhere."

The Texan, long an outspoken critic of the generalissimo, said that from testimony given the committee, Formosa does not seem to be in need of economic aid. The administration is asking for about 90 million dollars in such assistance.

STATE LEGION HAS BATTLE FOR COMMANDER
(Continued From Page One)

Tuesday and continues through Saturday, got going in high gear last night when Gov. John S. Fine addressed the first convention session.

Three Are Honored
Three Legionnaires were honored at the session last night when they were presented with distinguished service citations. They were Harry K. Fishman, Lebanon, chairman of the entertainment committee for the veterans hospital at Lebanon; Miss Ella H. Tomlinson, World War I nurse of Philadelphia, and Dr. Albert Pechan, state senator from Ford City who introduced the proposed loyalty bill.

Thomas Lavelle of Scranton, winner of the state Legion oratorical contest, was presented with a scholarship to Temple university.

Mrs. J. Howard McKay, auxiliary president, presented a distinguished service citation to Edward A. Linsky, Philadelphia, and a meritorious award to Daniel Schaub, Lancaster.

Dr. Clarence Manion of Notre Dame university will be the main speaker at today's session.

"40 And 8" Parade
Tonight's activities will feature a "40 & 8" parade and the military ball at the William Penn and Fort Pitt hotels.

General Mark W. Clark, chief of the Army field services, will address tomorrow's session.

On Saturday, a national citizenship citation will be presented to Reuben H. Levy, of Kingston, the fourth such award ever made by the American Legion.

Card Of Thanks
We wish to thank our friends, neighbors and relatives for the kindness and sympathy extended us during the illness and death of our husband and father, Waldron Curley. Also for beautiful flowers and cars donated.

Suspend Search For Missing Pair

YUMA, Ariz., Aug. 9.—(INS)—Search for Klaus Martens and June Walker, 22, missing since July 15 in the Arizona wastelands, has been suspended.

March Field Air Force Base Captain H. E. Fraizer, who directed the final days of the dramatic hunt, said the fate of the young couple would be uncovered only by chance.

Searchers said tracks indicated the couple had wandered from desert tree to tree. Sheriff James Washum, who earlier had called off his posse, stated:

"If they lay down to rest under a tree in one of the many washes in the area, it is likely they were drowned in one of many flash floods resulting from desert cloud-bursts. Their bodies may never be found."

Grandma's Claim A Sitting Record

COLORADO SPRINGS—(INS)—Two grandmothers claim the "long distance record" today for baby sitting. They drove from Canada to Colorado Springs to mind a grandchild, while his father and mother attended a convention.

The accommodating baby sitters, Mrs. G. Yager of Brandon, Manitoba, and Mrs. W. H. Cooper of Regina, Saskatchewan, drove 1,500 miles to the resort city where Mr. and Mrs. Eric J. Stanley of New York attended the banker's association foreign trade convention.

But the grandmothers didn't apply for portal-to-portal pay. Instead, they left for a vacation in California.

SOCIETY & Clubs

PARTIES CONTINUE FOR MISS WHIELDON

Continuing in a series of pre-nuptial entertaining for Miss Marston Whieldon, fiancée of Rudolph J. Zeitlow, Jr., of Toledo, O., a charming bridal party was given Wednesday evening by Miss Edith Joan Dufford, bridesmaid-elect, at the Dufford residence on Emerson avenue.

Mrs. William C. Whieldon, mother of the bride-to-be, was a special guest. Informal conversation and cards were enjoyable diversions, with high score honors for cards going to Miss Donna Allen and Mrs. William Senigge. Appetizing refreshments were served by the hostess, assisted by her mother, Mrs. Earl Dufford, and her aunt, Mrs. Orville Brown. A low bowl of white gold gladioli graced the center of the beautifully appointed table, with lighted tapers on either side. Pink was the predominating color of the festive setting.

The popular young bride-elect opened an assortment of miscellaneous gifts, which were attractively arranged in a "wishing well" decorated with pink crepe paper. Miss Whieldon, daughter of Mr. and Mrs. William C. Whieldon, Wallace avenue, will repeat nuptial vows with Rudolph J. Zeitlow, Jr., son of Mr. and Mrs. Rudolph Zeitlow of Toledo, O., on August 25 at 7 o'clock in the evening in the First Christian church. The custom of open church will be followed.

BRIDE-ELECT IS GIVEN SHOWER

Mrs. Marjorie Weisz, of Wampum, entertained recently at a shower honoring Miss Nellie Mae Doult, bride-elect.

Miss Doult, daughter of Mr. and Mrs. Clarence Doult, will become the bride of Harold S. McCormick on August 15. The ceremony will take place in the Chestnut Christian church, Chestnut, with Rev. Charles P. Durbin officiating at an open church service. Mrs. Marjorie Weisz will serve as her sister's matron-of-honor and William Richeal will act as best man. Ushers will be Howard Braatz and Paul Craven.

At the shower the bride-elect received many handsome gifts. Five hundred was the pastime with score honors going to Mrs. Louise Braatz and Miss Nellie Mae Doult. Later refreshments were served at which time the hostess was assisted by Mrs. Clarence Doult and Mrs. Paul Craven.

BEVERLY FISHER'S ENGAGEMENT TOLD

Celebrating her birthday and engagement announcement, Miss Beverly Fisher was guest of honor at a lovely party held surprise fashion at the home of her parents, Mr. and Mrs. R. G. Fisher, Oakwood way, Walmo, on Tuesday evening.

Fourteen guests were in attendance, members of Miss Fisher's high school graduating class. They participated in a period of games, the winners for which were Miss Betty Jane Walker and Miss Shirley English. Mrs. Robert Womer captured the door prize.

Climaxing the happy event, little Miss Sandra Lou Fisher, aged one and a half years, niece of the bride-elect, entered the room dressed as Cupid, carrying a pink satin pillow bearing a scroll imprinted with news of Miss Fisher's engagement to Charles Patton, son of Mr. and Mrs. William G. Patton, R. D. 1, Edenburg.

Pink and white decorations predominated in the table appointments. A large cake topped with 18 candles graced the center of the table, with lighted pink tapers on either side. Miniature scrolls arranged at each place-setting were the favors, also inscribed with the betrothal news. The honoree's mother, Mrs. R. G. Fisher, and her aunt, Mrs. Arthur Williams, served the refreshments.

The guest of honor was the recipient of an assortment of birthday gifts.

MARCY R. BROWN ANNOUNCES DATE

Miss Marcy Brown, a bride-elect of September, has chosen Saturday evening, September 1, for the date of her marriage to Gerald C. Aeppli.

Miss Brown is the daughter of Mr. and Mrs. Harold A. Brown, 702 Court street. Mr. Aeppli is the son of Mr. and Mrs. John L. Aeppli, 201 South Pine street.

An open church ceremony will be performed in the Second United Presbyterian church, corner of Countyline and Milton streets, at 7:30 o'clock with Dr. J. Calvin Rose officiating.

Miss Brown has chosen Miss Wilma M. Walker to be her maid of honor. Miss Barbara Gricks and Mrs. Irene Fleming will be the bridesmaids. Miss Bonnie Lou Brown, sister of the bride will be flower girl.

Leo Peters will serve the groom-elect as best man and ushers will be Arnold Figley and Frank Gricks.

FRIENDLY RELATIONS TO FETE CHILDREN

A wieners roaster for children scheduled for September 9, has been planned by the Friendly Relations club. It will be held at the home of Mrs. Harlan Mone, Old Pittsburgh road.

These plans were made at the club's Wednesday evening meeting with Mrs. Michael Gennaula at Hotel New Penn.

Prizes for cards were captured by Mrs. Angelo Mooney and Mrs. Frank Carbone. The galloper was won by Mrs. Anthony Dominici.

Special guests attending were: Mrs. Frank Baptiste, Youngstown, O., and Mrs. George Ruetschi, and they received lovely gifts.

August 27 is the meeting with Mrs. Harlan Mone of the Old Pittsburgh road.

HOPPER-MILLS VOWS IN WILKINSBURG

First Christian church, Wilkinsburg, was the setting for the marriage of Miss Martha Doris Hopper, daughter of Mr. and Mrs. David Claude Hopper of Edgewood, to Courter Dickinson Mills, son of Mr. and Mrs. Charles Dickinson of Clariton, on August 4. Mr. Mills is a former resident of New Castle.

Rev. Willard A. Guy solemnized the ceremony, which was followed by a reception at the home of the bride's parents. Given in marriage by her father, the bride wore a gown of white Chantilly lace, fashioned with a fitted bodice, Peter Pan collar and long-pointed sleeves. A cap of matching lace held her fingertip veil of silk illusion. She carried a cascade bouquet of white gladioli centered with an orchid of pale lavender.

Mrs. Kenneth L. Wonnack, sister of the bride, served as matron of honor and the bridesmaids were Mrs. Robert Demmler of Pittsburgh and Miss Jean Risher of East Brady, Pa. The attendants wore gowns of aqua lace and marquisette, and caps of matching lace. They carried cascades of coral gladioli.

Donald Mills, brother of the groom, acted as best man and the ushers were David Provance of New Castle and Allen Davis of Pleasant Hills, Pittsburgh.

Following a wedding trip, Mr. and Mrs. Mills will make their home in Wilkinsburg.

Attending the wedding from New Castle were: Mr. and Mrs. Robert Tully, Mr. and Mrs. Daniel Woolcock, Mr. and Mrs. Oscar Riley, Mrs. Samuel R. McCleary, Mr. and Mrs. Samuel R. McCleary, Jr., and Mr. and Mrs. David Provance.

MARJORIE HOWE IS SHOWER HONOREE

Honoring Miss Marjorie Howe, bride-elect of September, a group of friends gathered at the home of Mrs. Robert Leslie, 401 Laurel boulevard, on August 7.

Five hundred and Canasta provided the early evening entertainment, with score honors going to Miss Hazel Shearer, Mrs. Eleanor Richards and Miss Marjorie Howe.

Later the scene changed to the dining room where the bride-elect was presented with a number of lovely and practical gifts to use in her new kitchen. The places were marked with tiny umbrellas bearing the news "Bob and Marge, Sept. 8, 1951." Luncheon was served by candle light and Mrs. James Giffill assisted.

Miss Howe, daughter of Mr. and Mrs. Wilson Howe, Fording road, became the bride of Robert McConnell son of Mr. and Mrs. C. J. McConnell, of Court street, on September 8 at 4:30 o'clock in the First U. P. church with the Rev. Robert Mayo officiating. Attendants will be Mrs. Robert Leslie and Robert Leslie. Following the ceremony the bridal party will enjoy a dinner in New Wilmington.

SHOWER HELD FOR MISS EMMA NELSON

Miss Emma Nelson was pleasantly surprised at a pre-nuptial shower held by her co-workers at the home of Mrs. Violet Michael, 853 Frank avenue, on a recent evening.

The evening was spent informally with games and social chatter. Prizes were won by Mrs. Juanita Allen and Mrs. Violet Michael.

Later in the evening a delicious lunch was served, buffet style, with a yellow and blue motif carried out in the decorations. The honoree was the recipient of many gifts of a miscellaneous nature.

Miss Emma Nelson, daughter of Mr. and Mrs. Luther Nelson, Carlton, Pa., will become the bride of Joseph Romeo, son of Mr. and Mrs. Rocco Romeo, Hillsville, Pa., on August 25.

The open church ceremony will be held in St. Lawrence church, Hillsville, with Rev. Fr. Joseph A. Mastrangelo officiating.

LOYAL BAND CLASS

PICNICS AT PARK

Loyal Band class of Third U. P. church enjoyed an outing Tuesday evening at Cascade park. Mrs. Everett McGuire and son, Mrs. Anna Kline, Miss Judy Cwynar, Jared Davies, besides husbands and families, were special guests.

A tasty picnic dinner was served by the hostess committee, Mrs. L. M. Christie, Mrs. Donald Moore, Mrs. Birdella Carr and Mrs. Edward Nolan.

The group's next assembly will be held Tuesday evening, September 4, at the church.

Loyalty Bill Support Asked By Gov. Fine

PITTSBURGH, Aug. 9.—(INS)—Gov. John S. Fine declared last night that Pennsylvania and the nation still need strong legislation to round out a loyalty program to strengthen the nation's protective measures.

Addressing a joint session of the Pennsylvania convention of the American Legion and the auxiliary, the governor said:

"We must obstruct the diabolical attacks of Communist saboteurs who have wormed their way into our government to corrupt its processes. More important, we must prevent mental gymnasts from poisoning the minds of our children and of young men and women in our schools with godless philosophies."

"Why shouldn't they take a loyalty oath? Why should the American measure (loyalty bill) be amended to arouse so much controversy? There are those who object to taking such an oath. I cannot subscribe to their reasoning."

"Elected officials take the oath of loyalty. I can see no valid reason why governmental employees and teachers should not subscribe to one."

Stand Up And Be Counted

Governor Fine said it is "time for those who do not believe in our form of government to stand up and be counted."

He told the Legionnaires that today, more than ever, they have a great responsibility facing them. He explained:

"From you who have given so much in the past come leadership in an unceasing fight to save our country, to strengthen it and invigorate our cherished mode of living."

"It is up to you not only to guard our liberties, but to destroy, especially inside our borders, any conspiracies designed to weaken us."

He explained that one provision is needed in the Pechan loyalty bill. He said that one provision would enable state government to

refuse to hire persons if there is any reasonable doubt as to their loyalty. He added:

"That provision would extend to our schools. It is a just provision as long as it protects the just rights of a teacher's tenure."

Pointing to the vital importance of Pennsylvania's civil defense program, Governor Fine declared that it is being kicked around in the General Assembly at Harrisburg.

He said that a small group of legislators have not yet learned the need for defense and are gambling with the lives, homes and industries of the people of the state.

Picture Windows Grown With Ease

NEW YORK—(INS)—"Growing" a picture can be as simple as painting one.

It's just a case of turnabout with the picture canvas of the artist becoming the lawn; the brush—a spading fork; and the paint—nature's trees, shrubs and flowers, said Mary Deputy Lamson, landscape consultant in Libbey-Owens-Ford Glass company's nation-wide program to help homeowners put a real picture in their picture windows.

Before beginning to grow the picture window, which has become a characteristic part of modern home design, has a great effect on the planning and planting of the home grounds," Mrs. Lamson said.

"I have always tried to take into account, in landscaping a place, the view from the important main windows of the house. With the windows larger and more important in home architecture, the view from them becomes much more important to the homeowner."

She pointed out that sometimes windows are so placed that the winter sun is delightful, but the summer is a little overpowering.

"In such cases, a tree located with regard to the summer sun can shut off the direct rays with its heavy foliage, and yet admit the warm sunlight so desirable in the winter when the tree is bare," Mrs. Lamson said.

When such measures are taken into consideration in a well conceived plan, she added, the picture window will frame a panorama of nature's ever changing beauty that can be enjoyed the year round.

The highest point in Utah is 13,687-foot Gilbert peak.

'Miss Chicago'

A STUDENT at Loyola University, Adrienne Falcon, 19, poses in her royal robes and crown after she was chosen "Miss Chicago" from a group of eleven contestants in the Windy City. Adrienne will represent her city in the "Miss America" beauty pageant next month in Atlantic City, N. J. (International)

SOCIETY & Clubs

Golden Wedding Anniversary Of Mr. And Mrs. S. E. Rodgers

Mr. and Mrs. Sherman E. Rodgers of Washington township, Lawrence county, celebrated their 50th wedding anniversary quietly at their home last week.

They were married in Harlansburg on July 31, 1901. They have lived at their present home for the past 38 years, where Mr. Rodgers has been a farmer, and has also held several offices in the township.

They were guests of their children on Sunday at a dinner after which they were taken on a motor trip to Pymatung. Those accompanying them on the trip were: Mr. and Mrs. Thomas Rodgers and son, Larry of Mercer; Mr. and Mrs. Robert S. Munnel, near Brent, and Hiram Collins of Volant, an old friend and neighbor. They received many congratulations and a number of presents.

W.C. CLUB PLANS FOR OUTING

A corn and wiener roast to be held in the near future was planned by members of the W.C. club when they gathered Wednesday evening at the home of Mrs. Frank Logue, Richelieu avenue.

Five hundred provided the main form of entertainment, with high score awards being captured by Mrs. Joseph Flynn, Mrs. Harold Clark and Mrs. Arthur Lang.

Lunch was served at the dining room table, which was centered with a basket of zinnias and gladioli, encircled with six lighted candles. The hostess was assisted in serving by her daughters, Rita and Mary.

Mrs. Thomas Burgess will be hostess at her home on Croton avenue for the next meeting on August 22.

MARGARET PATTISON GUEST AT SHOWER

Mrs. William Hall of East Palestine, O., entertained at her home Wednesday evening at a miscellaneous shower honoring Miss Margaret Pattison, bride-elect of Saturday, August 25.

Refreshments were served from a prettily appointed table centered with a cake with "Peg and Dan, August 25" written in the frosting. Mrs. William Winehold of York, Pa., was a special guest.

The bride-elect, daughter of Mr. and Mrs. R. H. Pattison of Oakwood avenue, R.D. 8, will be married to Daniel F. Moon of Pittsburgh, son of Mr. and Mrs. Frank F. Moon, Oil City, at an open church wedding to be solemnized in the Epworth Methodist church at 7:30 p.m.

Section A Dines

Section A of the Y.I.B. class of Third United Presbyterian church gathered Wednesday at the home of Mrs. Albert Lutz, of Maryland avenue, where a picnic luncheon was served at noon. Later the hostess conducted devotions.

Plans have been made for an all-day quilting Thursday, August 23.

LITTLE FLOWER CLUB HAS DINNER PARTY

A tureen dinner highlighted the meeting of the Little Flower club when 40 members gathered in St. Mary's church basement Tuesday evening.

Floral arrangements graced the tables on this occasion. Special guests included Rev. Fr. Francis McCarter, Rev. Fr. Francis King and Rev. Fr. Albert Goraika.

Contests were enjoyed later, prizes being presented to the winners. Hostesses for the evening were Mrs. Emmett Clark, Mrs. Edward Hannon, Mrs. Josephine Baldauf and Mrs. Katherine Gallagher.

The next regular meeting of the club will be Friday evening, August 31, at 8 o'clock. Hostesses will be Mrs. Anna Murray, Mrs. Clarence Murphy, Mrs. J. J. McCarthy and Miss Catherine McDowell.

M.C. Club Meets

Members of the M.C. club met in the home of Mrs. Marie Stefano, 303 Taylor street, Wednesday evening.

Games were the diversion of the evening, with Mrs. Mary Rozzi the winner.

Lunch was served by the hostess on the lawn of her home at tables beautifully decorated with cut flowers. Special guests of the evening assisted the hostess in serving. They were Mrs. Clyde Stefano, Mrs. Frank Palumbo, Mrs. Thomas Morelli, Miss Frances Stefano and Miss Ida Jean Pratt.

Next meeting of the club will be held at the home of Mrs. Helen Rozzi, 215 West Madison avenue, August 21 at 8 o'clock.

Ritz Club Meets

Mrs. Anthony Panella of Greenwood avenue received the Ritz club Wednesday evening at Cascade park.

Cards were in play, with prizes being later awarded to Mrs. Albert DePalma and Mrs. Fred Farone.

A dainty lunch was served by the hostess, with the aid of Mrs. James Bongiovengo.

August 22 is the meeting with Mrs. James Barlett, Robinson street.

EAGLES AUXILIARY MEETING ENJOYED

Ladies auxiliary to Fraternal Order of Eagles No. 455 held their regular meeting Tuesday, August 7, with the president, Ruby Thompson, presiding.

The auxiliary has sent a check for \$25 to the Red Cross for relief work in the flood-stricken areas of Kansas City, Mo.

Mrs. Helen Barnhart told of the enjoyable time the ladies auxiliary had at their breakfast at Cascade park on a recent morning. Mrs. Ruth Matthews won a lovely mirror donated as a door prize.

Captain Adeline Navarra received an invitation from the New Castle auxiliary to conduct an initiation of new members in that city in September. Mrs. Navarra also called practice for both teams on Tuesday, August 28, at 8 p.m.

Mrs. Dorothy Heckart, chairlady for the month of August, reported that plans are progressing nicely for the combination picnic and festival to be held at El Rio beach Saturday, August 25.

The membership drive is getting off to a fine start, several new members having been received into the auxiliary.

The auxiliary will attend the family picnic to be given by the men of the New Castle Aerie No. 455 Sunday, August 12, at El Rio beach.

Mrs. Heckart had as her aides for the entertainment Mrs. Adeline Navarra and Mrs. Pearl White. Delicious refreshments were served by Mrs. Kathryn Williams, Mrs. Helen Reno, Mrs. Sara McCune, Mrs. Martha Hook, Mrs. Ruby Thompson, Mrs. Lillian Hunter, Mrs. Cecelia Jackson and Miss Dora Williams.

Next regular meeting of the auxiliary will be held Tuesday, August 21, at 8 p.m.

WATSON REUNION IS LARGELY ATTENDED

The old Watson Homestead at Fayette was the scene of the 28th annual reunion of the Watson family, July 28, when 56 members met at the place where Watsons have lived since 1793.

The customary plentiful picnic menu was enjoyed at 6:30 p.m., after which the president, Mrs. Nellie W. McCarthy called a business meeting for the purpose of electing officers for the coming year. Mrs. McCarthy was re-elected as president, and the other officers were named as follows: Ralph E. Watson, vice president; Ted Watson, treasurer; Wilson Brumagene, recording secretary; and Don Patterson, corresponding secretary.

The balance of the evening passed socially.

The 1952 reunion will take place at the home of Mr. and Mrs. Ted Watson of Auburn avenue.

Picnic Cancelled

Picnic of the officers and teachers of the First Presbyterian church that was to be held Friday, August 10, has been cancelled. Illness in the home where the picnic was to be held necessitates its cancellation until a later date.

EROCS CLUB FETES MISS FRANCES SZUBA

Miss Frances Szuba, bride-elect of Stanley Baranski, was enjoyably surprised with an array of miscellaneous shower gifts when members of the Erocs club gathered at her home on North Liberty street, Tuesday evening.

Bridge was the favored pastime with Mrs. John Young, Miss Helen Hannon and Miss Mary Stoga winning honors. Lunch was served by the hostess from a prettily appointed table, with a yellow, green and pink color scheme being used. Basket favors were arranged at each place-setting.

The next meeting of the club will be held at the home of Mrs. Frank Falter, Cecil avenue, on September 18.

DOLORES COLALUCA IS SHOWER HONOREE

Miss Mary Ann Germani and Mrs. Everett Perkins were hostesses at a shower given for Miss Dolores Colaluca as August bride-elect.

The party took place on the lawn under a large canopy. Three beautifully decorated tables were centered with bouquets of gladioli and pink and white streamers leading to a tiny bride and groom at the end of each table. Many colorful packages containing personal gifts for the bride-to-be were placed under a large pink and white umbrella.

Games and cards were the main diversions, with prizes awarded to the Misses Dorothy Jackamo, Dolores Malizia, Phyllis George, Shirley Perkins and Mrs. John Parenti. Special guests included Mrs. Romeo Colaluca, mother of the bride-elect, and her grandmother. At an appropriate hour a delicious buffet supper was served. The hostesses were aided by Mrs. Andy Germani.

After the buffet supper, photographs were taken of Miss Colaluca as she displayed her many beautiful gifts.

Miss Colaluca will become the bride of Louis A. Fresa, Jr., of Monongahela, Saturday, August 18, at 9 o'clock in the St. Vitus church.

SWEATER CLUB FETES BRIDAL COUPLE

Newlyweds Mr. and Mrs. John Joseph were feted by members of the Sweater club when that group held a wiener roast at a park on the Ellwood road recently.

Special guests for the outing were Mr. and Mrs. Mike Dugan, Norman DiGiorgio, Anthony D'Ambrosia and Dominic Abate. Hostesses were Miss Norma Cavalier, Mrs. Lena Vitulla and Mrs. Dominic Abate. Singing, miniature golf and other sports were enjoyed.

Members of the club will meet this evening with Mrs. Rick Ferrari, Wall street.

Dambaugh Reunion.

The 35th annual reunion of the Dambaugh family will take place Saturday afternoon and evening, August 11, at Cascade Park. A picnic supper will be served at 6 o'clock.

WOMEN OF MOOSE HAVE FAMILY PICNIC

A picnic at Cascade Park was enjoyed by the Women of the Moose and their families.

Games and races were featured for the children and adults. A sumptuous tureen dinner served by members of the committee topped off the enjoyable affair. Mrs. Elizabeth Llewellyn and Mrs. Blanche Dunlap were chairladies of arrangements for the outing.

On Monday morning the Academy of Friendship will gather for their monthly meeting at Cascade Park in the form of a breakfast. Mrs. Mabel Schell, president of the Academy of Friendship, will be in charge.

Mooseheart Alumni Chapter night will be held Wednesday evening at the Moose home. Initiation of new candidates will be under the supervision of the senior regent Mrs. Ann Conti and her staff of officers.

B.O.B. Club Meets

Members of the B.O.B. club met at the home of Mrs. Frank Tusciano, 111 Sharp street, Tuesday evening.

Television and cards were the diversions of the evening. The door prize was won by Mrs. Sam Yanesa.

Mrs. Louis Santangelo assisted the hostess in serving a tasty lunch.

Next meeting of the club will be held August 21 in the home of Mrs. Joseph Vitale, 7 East Leasure avenue.

Rodgers Clan Gathers

Descendants of W. Harvey and Mary J. Rodgers gathered all day Wednesday at the home of Mr. and Mrs. Philo Rodgers and Mr. and Mrs. Walter Rodgers, of Plaingrove, this being the clan's 26th reunion. Basket picnic meals were served at 21 in the evening at tables, set on the lawn, with

places being set for 34. Swimming was a diversion of the day.

Dr. T. J. McFate, Jr., presided at the business session. Officers, named for the coming year, are: president, Fred Meier; vice president, Clifford Martin, and secretary-treasurer, Mrs. T. J. McFate.

Next year's reunion will be held Wednesday, August 13, at the same home.

Jolly Twelve Meets

Mrs. Oliver Duval and Mrs. Flora Duval jointly entertained the members of the Jolly 12 club Wednesday at a 1 o'clock luncheon at Fairway Heights.

Table decorations consisted of a lovely arrangement of fall flowers. The afternoon hours passed socially. A special guest was Mrs. Frank Weir. Mrs. Jack Thatcher will be hostess to the club at a one o'clock luncheon at her home on Round street Thursday afternoon, August 23.

L. O. Q. Club Meets

Mrs. Angelo Frasso of Agnew street received the L. O. Q. club Wednesday afternoon in her home.

President Mrs. Floyd Semione was in charge and crocheting and sewing were the pastimes of the meeting.

Final plans were made for "pal night" on August 21, with Mrs. Floyd Semione in charge. Later the hostess served a delicious lunch.

The club will meet again in two weeks.

Carr Reunion

Annual Carr reunion will be held at the Liberty Grange on the Harlansburg road Saturday, August 25, with dinner to be served at 6 p.m.

Canadian steel companies are spending \$100 million on expansion and improvement programs which will bring steel capacity to about 4.5 million tons.

Air Pollution To Be Studied

Industries are well down the list of offenders in air pollution, H. B. Lammers told a group of 50 in The Castleton hotel Wednesday night.

Mr. Lammers, of Cincinnati, O., an expert in smoke abatement, was here at the request of the air purification committee of the Greater New Castle Association. The chairman of that committee, David H. Long, presided.

According to Mr. Lammers, public buildings, schools, hospitals and homes are the worst offenders. In industrial cities, such as New Castle, he said it has been found there is an air pollution problem, despite the fact that hard fuels are not used. Los Angeles is an example of this type, he said.

Mr. Lammers said he believed there was a problem of air pollution in New Castle but that a survey was needed to determine how serious it is. He offered to come to New Castle and make this survey without cost.

Nothing definite was done by the committee. The remarks of Mr. Lammers will be studied, and later some recommendations may be made to the board of directors of the GNCA.

In addition to the committee members Wednesday night President James A. Rugh, Executive Vice President Eben L. Reid and a number of the directors were present.

CORN ON THE COB IS GOOD EATING

Corn is at its best fresh from the garden. When possible, pick it two hours before cooking time. Break a kernel with your fingernail. If milk spurts out, the ear is tender and right for cooking. If you buy corn at your local market, look for ears well filled with plump milky kernels. Husks should be fresh and green. Dry or straw-colored husks are an indication of age or damage.

Corn on the cob is tops. You can steam it in the deep-well cooker on your range. Stand ears upright in cooker, bring water to boiling point on high heat, then turn heat low and steam corn 15 minutes. Or you can drop ears in a kettle of boiling water. Cover kettle and simmer corn five to ten minutes.

Corn roasted in the oven is excellent. Remove thick outer husks, turn back inner ones, and remove silk. Do not detach husks. Pull husks back around ears, then soak in water a half hour. Drain. Put ears in a shallow pan and roast in the oven at 400 degrees Fahrenheit 30 minutes. If you wish, you can remove the husks, brush corn with melted butter, and roast 30 minutes or until heated through and brown.

For roasting outdoors, leave inner husks attached to ears, soak in cold water ten minutes, then drain. Place ears in a bed of red coals. Be sure some coals are underneath corn and others on top. Roast about 10 minutes. Add butter and salt at serving time.

GRASSLAND REPORT FORMS ARE READY

Report forms which farmers enrolled in the new Pennsylvania Grassland club will fill out, listing their grassland farming programs, are ready for distribution.

These forms will go to all farmers who enroll in the club. The forms will be distributed August 15. Farmers have until August 15 to sign and return to the Agricultural Extension office, Grassland club enrollment blanks which have been given to farmers interested in becoming members of the club.

Filling out of the enrollment forms involves little more than affixing a signature and address. The report forms are more detailed and will require care in completing to be satisfactory.

In the report forms farmers will furnish information on their pasture, longtime hay land, and rotation cropland. Double sets of sheets permit listing up to six fields in each of the three categories.

Also, in each instance, the report form will ask information on the various fields for the years 1949, 1950 and 1951.

This information is expected to provide a complete and clear picture of grassland program and practices, and to show what progress is being made toward improving the grassland program.

A set of instructions accompanies the report form also a form for general and additional information. The general information

RAG WEED

Pretty soon Rag Weed will be in bloom. The pollen will float in the air and sneezing will begin.

Hay fever is pretty annoying. Watery eyes and a damp hankerchief mean trouble.

Rag Weed should be destroyed if possible. It should be cut or pulled up as soon as discovered. Vacant lots should not be allowed to grow up in ragweed.

One or two clumps of it may cause a good many sneezes. The fine powdery yellow pollen seems to be the cause of trouble.

If the plants are cut before the pollen forms, the trouble is usually avoided.

CHRISTIAN USE OF MONEY AND GOODS

WHAT THE BIBLE TEACHES ABOUT MATERIAL THINGS

Scripture—Matthew 25:14-30; Acts 2:43-47; 19:23-41

Parable of the talents.

"Whatsoever ye would that men should do unto you, even so do ye also unto them; for this is the law and the prophets."—Matthew 7:12.

By NEWMAN CAMPBELL

It is a common saying that "money is the root of all evil." Yet money is a necessary part of life. With it we purchase the necessities which enable us to live—food, clothes, furniture, etc. With it the commerce of the world is carried on.

It is only the misuse of money that is evil. As the investigations of the Senate crime commission disclosed, there are people—many of them—who put the accumulation of money their main object in life. They pile up millions, through unethical means—cheating and stealing from their fellow men. For the millions they took, in their gambling rackets, thousands of people were ruined.

On the other hand, think of the good that is being done by people

who have made millions in business and devoted huge sums to help make the world better. Various foundations are set up to help research in many fields of endeavor—to promote better health; to provide funds for researches in many fields, to make the world a better place, and to promote friendly relations with other nations! If money can be a great evil, so can it also be a great good.

In telling the parable of the talents, Jesus illustrated the right and wrong way in which money can be put to use. The master in the parable had servants or slaves, to whom he entrusted money to be used for the slaves' and master's profit.

To the one who seemed more gifted than the others, he gave five talents; to the next he gave

two; and to the last but one. Then he went on a long journey.

When the master returned the first man had doubled the money that had been given him, and the master was much pleased and gave him a better job, to use modern language.

So, too, the second man had likewise doubled his two talents; but the one to whom only one talent had been given, was afraid to invest it, so he buried it in the earth. When his master asked what had become of the money, he told him he had buried it—and insulted his master by calling him a hard man who reaped "where he did not sow," excusing himself for his fear and slothfulness. To him the master gave a severe beating, and cast him out.

We all have talents in varying degrees. Some are geniuses, and wouldn't it be sad if these buried their talents and did the world—and themselves—no good? Some have moderate gifts, and these, too, should be used diligently to profit themselves and the world. Even those, who, like the man with only one talent, are not greatly gifted, can improve their abilities and diligently make the most of their lives.

It is one of the marvels of the times that so many people who are severely handicapped—some from birth; others through accidents or war—are being taught, or teach themselves, to live useful, well-balanced lives and not only support themselves, but act as examples to others of what courageous souls can do.

St. Luke tells of the manner in which these early Christians lived. It was what we call "community living." Each one brought his share and put it in a common fund. Those who had goods or other property sold it and added the money to this fund. When a man needed anything, he asked for it, and it was given according to his need.

We have many such projects in our own land now, and have had many in the past. They usually fail because those who engage in the scheme begin to disagree, then to quarrel violently, and finally the community is so disrupted that the project is abandoned.

In the early church it was not so. They "continued daily with one accord in the temple, and breaking bread from house to house, did eat their meat with gladness and singleness of heart." "Praising God, and having favor with all the people. And the Lord added to the church daily such as should be saved."

That is indeed the Christian way of living—in mutual love, trust and sharing.

St. Luke also tells us, in Acts,

about a silversmith of Ephesus, who seemed not to be selling as many shrines for the goddess Diana as formerly. The making of these shrines was his way of earning a living.

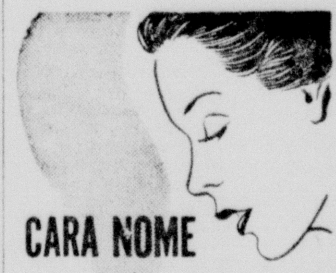

He told his fellow citizens that the Christians were to blame. They were making far too many converts to this new religion. So wrought up did he get the citizens that they infected the whole city, and some caught Gaius and Aristarchus, of Macedonia, companion of Paul in his travels and rushed them into the theater.

Friends restrained Paul from going to their rescue. Alexander, a Jew, was put forward to defend the Christians, but the people would not listen, but shouted, "Great is Diana of the Ephesians," for two whole hours.

The town clerk finally calmed the enraged and confused people by pointing out that the Christians were not criminals, and that if they had broken the law, the silversmiths could have them brought before a court of justice. The mob then dispersed.

Wide Variety Of New Taxes Get Discussion

By JOHN PAGET
(U. S. Staff Correspondent)

HARRISBURG, Aug. 9.—A wide variety of taxes are available today to the special committee seeking more than 174 million dollars to balance Gov. John S. Fine's budget.

Fine originally asked for only 119 million dollars via a one-half of one per cent income tax. The proposal has been spiked twice in the Senate finance committee, but lawmakers have added to the initial recommendation so that now more money than ever is needed.

Should economy be ruled out and sufficient tax money to back up the proposed allocations, it would boost the biennial budget to \$1,394,000,000—fastest in the history of the commonwealth and the third billion-dollar budget since 1947.

Although there is a variety of taxes, it is difficult to get an iron-clad agreement on any one or group. What is acceptable to representatives of metropolitan areas is opposed by those from rural areas.

Doubly Hard Task

Whatever substitute for the income tax is agreed upon by the Senate, it must be acceptable to Republicans in the House, where all revenue raisers must originate under law. Thus, the task is doubly hard for the six-member Senate committee trying to end the tax deadlock which is delaying the adjournment of the longest session of the General Assembly since 1779.

Here are what are available on a biennial basis to the committee although the list may be broadened after studying the tax structure in other states:

Another one per cent boost in the corporate net income tax would yield upwards of \$44,000,000, while \$20,000,000 would be picked up merely by doubling the inheritance levy.

A 10 per cent tobacco tax would produce an estimated \$8,000,000, and hiking the current cigarette impost would collect approximately \$23,000,000.

Increase State Fees

Five million dollars would result from increasing state licenses and fees while taxing the transfer of liquor license would eke out \$1,000,000.

A two cents a bottle tax on soft drinks (Governor Fine allowed a one-cent levy on "pop" to fall at the end of the last biennium in keeping with a 1950 campaign promise) would unloose a flood of \$55,000,000 and doubling the current penny-a-pint beer tax would produce \$40,000,000. Ten million dollars alone would accrue to the tax coffers merely by collecting 25 a month on all telephone bills.

A 10 per cent impost on electric light bills would produce about \$35,000,000 and a one and a half

per cent levy on real estate transfers would turn up about \$36,000,000.

If the 10 per cent liquor tax should be jumped to 12 per cent the commonwealth would get more than \$8,000,000, while hiking the beer tax one cent and allowing an eight per cent breakage to brewers would give the treasury \$40,000,000.

Some of the unknown quantity would be produced by three per cent tax on hotel occupancy.

Better Gear On Way To Troops

CAMDEN, N. J., (INS)—Lighter and better battle gear designed to make America's fighting forces more effective is coming off the nation's production lines.

The streamlined equipment not only is easier to transport, an important factor in troop mobility over rugged terrain such as that encountered in Korea, but it is much more versatile.

One of the most striking examples of the Army's drive to pare size and weight from equipment and take a load off G. I. backs is the new walkie-talkie developed by the Radio Corporation of America for the U. S. Signal Corps. It is one of a number of items being "miniaturized" by the armed forces and which includes, among other things, lightweight field telephone switchboards, pint-sized teleprinters and small high-powered gas turbine engine.

The new weight and have twice the range—live miles—of their World War II counterparts. The transmitter-receiver unit, "heart" of the equipment, weighs only nine pounds, while the complete set—batteries, antennas, handset and spare parts—weighs 25 pounds.

Electron tubes half the size of a cigarette, tuning coils smaller in diameter than a dime, "expandable" capsule-size transformers, resistors the diameter of a safety match tip, and complete sub-assemblies "shrunk" to fit into metal cylinders smaller than a cigar go into the walkie-talkie.

So minute are some components that magnifying glasses must be used for their assembly.

More out-of-state fishermen went to Wisconsin during the 1950 season than to any other state.

Cost Of Removing Record Last Winter Snow Shown

HARRISBURG, August 9.—The snow, ice and low temperatures of last winter may be mere memories to many people these sweltering August days but not to the maintenance forces of the State Department of Highways.

They are stock piling cinders as they become available in preparation for another unusual winter. In planning to meet the next onslaught of snow and ice, N. A. Staples, chief maintenance engineer, says nothing is left to chance.

With the heavy industrial conversion to diesel and similar oil burning equipment, as well as the increasing use of natural gas and electricity, cinders are no longer produced in abundant quantities.

Therefore, whenever the Highway Department is able to secure a supply of these abrasives on the stock pile they go.

With memories of the last winter fresh in their minds, the maintenance forces these 90 degrees days are seeking more cinders than ever because stock piles were exhausted and expensive substitute material had to be purchased. Slag commonly known as "red dog" was one of the more commonly used materials.

Hope For Milder Winter
Meanwhile the entire Highway Department is hopeful that next winter will not be as severe as the past season.

Three of the districts in the western and northern parts of the State had to spend more than one million dollars each to keep the highways open for motorists. Two closely approached the million dollar mark.

District 11 which comprises Allegheny, Beaver and Westmoreland counties, was hardest hit. From the time of that pre-Thanksgiving record snow of 33 inches in Pittsburgh until the plows were finally dismantled this spring, snow removal and cinder cost it the sum of \$1,098,564.55. The similar bill for the 1949-50 winter was slightly more than one-third of this amount—\$348,028.85.

The Statewide snow removal cost was \$9,243,691.01 compared with \$5,323,030.58 in 1949-50 or an increase of nearly \$4,000,000. To the 1950-51 total must be added approximately another \$5,000,000 for road repairs directly traceable to winter, secretary of Highways Ray F. Smock announced.

In Lawrence Co. Area
District 1, the northwestern corner of the State, Erie, Crawford, Forest, Mercer, Venango, Warren and Lawrence counties, closely trailed the Pittsburgh region in overall snow costs with \$1,071,425 as compared with \$610,250 the preceding winter. This district had a maximum of 171 and one-half inches of snow in Erie County which brought the plows out for a total of 83 days. The average snowfall in the seven counties was more than 134 inches or more than 11 feet and the number of days of plowing averaged 71.

District 4, composed of Bradford, Lackawanna, Luzerne, Pike, Susquehanna, Wayne and Wyoming counties, which was the leader in the 1949-50 season dropped back to third place with cost of \$1,052,160 against \$936,495 the preceding season.

District 10, comprising the counties of Armstrong, Butler, Clarion, Indiana and Jefferson, spent \$809,009 last season as against \$485,696 in 1949 and 50.

Last winter, as was true the preceding winter, Philadelphia, Bucks, Chester, Montgomery and Delaware counties had much less snow than elsewhere. The costs were \$292,696 in 1950-51, and \$156,562 the preceding winter.

Tallest tree in the world is the Founder tree at North Dyererville Flat, Cal. It is 364 feet tall and 47 feet in circumference at the ground.

WHAT ABOUT KINDERGARTEN?

Are there kindergartens in your school system? If so, how do you feel about them for your Mary or Johnny? It's something worth thinking about. Some parents feel that kindergarten is merely a place where children who "really ought to be learning something" engage in childish play. They want the young ones to get to the serious business of reading and other "real learning."

Parents and teachers who really understand how children learn are all in favor of the kindergarten experience. They point out that it gives youngsters the chance to learn how to get along together, provides firsthand experiences with animals and plants, with

home and community activities that are the foundation of learning to read with understanding.

Several careful studies have shown that children who go to nursery or kindergarten do markedly better in the first grade than those who haven't had the opportunity. But perhaps the best way to decide whether you want to have your child in kindergarten is to talk with several parents whose children have had the experience. They won't all agree but if you sample the opinion of a number you ought to be able to get a pretty good picture of what kindergarten can mean to a child.

Hillsville Has New Church Group

Officers were elected recently, when a new church group—the Infant Jesus of Prague Guild of St. Lawrence church, Hillsville, was organized.

Organization took place in the church hall, with Mrs. Frances Colao, president of the St. Vitus church, Infant Jesus of Prague Guild presiding as installing officer.

Those elected in the Hillsville Guild include: president, Mrs. Teresa Sfara; vice president, Mrs.

Jennie Gallena; recorder, Lena Mastrangelo; secretary, Mrs. Margaret Ricciuti; and treasurer, Mrs. Pauline Robb.

A large representation of the various Guilds of local Catholic churches was noted: St. Joseph's, St. Vitus and St. Lawrence church.

Diocesan officers were also elected at this time: president, Mrs. Frances Colao, of St. Vitus church guild; vice president Mrs. Marie J. Metz, of St. Joseph's Guild; secretary, Lena Mastrangelo, of St. Lawrence Guild; and treasurer, Mrs. Ada Prioletti, of St. Vitus Guild.

President, Mrs. Sfara; Mrs. Marie J. Metz, and Rev. Fr. Joseph A. Mastrangelo, pastor of the

church, were speakers during the informal program that followed.

A dainty lunch was served at the close of the meeting and program. The next meeting is scheduled for September.

Havana Hotel Guests Having To 'Rough It'

HAVANA, Aug. 9. — (INS) — Havana hotel guests will have to "rough it" today without room service, bellboys, waiters or more than one elevator operator.

The hotel workers' union is demanding that its members be given one full day off each week during the summer and that an entirely new staff be employed on those days.

The government, with the hotel owners' approval, granted the employees a half day off twice a week. The union is protesting.

Mrs. Roosevelt Makes Address

Speaks To World Assembly Of Youth

By MALCOLM JOHNSON (U. N. Staff Correspondent)

ITHACA, N. Y., August 9.—Delegates to the world assembly of youth, warned by Mrs. Eleanor Roosevelt that they will live in an "uncertain" if "exciting" world, today resumed work on draft resolutions on human rights.

Mrs. Roosevelt, a member of the American delegation to the United Nations, urged the youths from 68 non-Communist nations of the world with a combined population of over a billion to work for a better world for all.

"Tough Row To Hoe"

"You are going to have a tough row to hoe but a most exciting world in which to live. It's not going to be an easy world."

"You're going to have to learn to live in uncertainty and it is always harder to live with uncertainty than with an accepted fact."

As a member of the commission on human rights which drafted the U. N. declaration adopted by the General Assembly in 1948, Mrs. Roosevelt described the difficulties the group encountered.

She said work was delayed by differences in culture, religion, legal systems and language.

The first triennial youth assembly is using the U. N. human rights declaration as a guide in working under the theme, "Youth and Human Rights."

Mrs. Roosevelt warned that

drafting a declaration is only the first step; that a harder problem is getting a covenant approved with legal power to force nations to live up to the principles of human rights.

Step Up Campaign

The assembly, meeting at Cornell University, heard yesterday from a young Frenchman who was in Peiping only last April, that the Chinese Communists have stepped up their campaign against all American institutions in China.

Jean Sarounat, president of the national union of students of France, which has a membership of more than 70,000, quoted two vice ministers of education in the Peiping government as boasting of the progress of the campaign.

He declared that the vice ministers—Chien Chun and Wei Chueh—accused the United States of "imperialist aggressions" against

their country. They described the aggressions as both "cultural and ideological."

SWIM WITHOUT "TRUNKS"

Nine teen-agers, all boys, must appear before His Honor the Mayor because they took a dip in the Shenango river, north of the viaduct, minus bathing trunks yesterday.

FALSE FIRE ALARM

Firemen were summoned to Elm and Falls streets at 7:20 p. m. Wednesday. A nine-year-old pulled a false alarm, according to a report to police.

LOS ANGELES—Mrs. Julia Brown won a divorce from her husband, Warren, on charges that he kept her false teeth in his pocket until she gave him money for whisky.

News Briefs From City Hall

When Solicitor R. M. White drafts a traffic regulation ordinance it will contain a proviso giving the police chief the authority to ban trucks from certain thoroughfares which carry a weight, in addition to their own poundage which he considers may damage the thoroughfare.

Work is yet continuing on the bathing pool at Cascade Park. It is not known, nor will city officials state, when it will be ready for swimmers.

Two members of the detectives bureau are on vacation. They are John Moore and George Sigler.

August 27 at 10 a. m., fast time, has been set by Council to hear any objections to the city's desire to correct the zoning map to make a certain section of the fifth ward a main commercial zone. When the map was prepared it was described as a local commercial district.

PERMITS TO BUILD

Edwin M. McBride of 330 Boyles avenue has received a city permit to enclose a rear porch and New Castle Dunite company has been given a permit to erect a concrete block building for office purposes.

New Castle Airport Items Of Interest

Penn Aero Service at the New Castle Airport on the old Youngstown road reports that several more pilots have completed flight training and have been awarded certificates.

Charles Schweinsberg of 1041 Adams street, completed his cross-country flight to Erie, Pittsburgh and return and qualified for a private license. Frank Magusiak of Mt. Pleasant street, made a similar flight and was awarded a private license.

Completing their flight training were Carl Faust of 701 Croton avenue and Frank Masters of 920 Carson street.

Radio and telephone licenses were granted to Don Douglass, John Coen, Willard Tanney, Frank Malizia and Anthony DeLorenzo.

Members of the Catholic War Veterans Auxiliary will hold its regular meeting Friday evening, August 10, at 7:30 o'clock in the St. Vitus church hall.

Final arrangements will be made for the annual picnic and wiener roast. Refreshments will be served.

STAMP CLUB NEWS

New Castle Stamp club will meet this evening at eight o'clock in the Y. M. C. A. with president, John Hitch, in charge of the session. Plans will be discussed for the coming stamp show, and it is hoped that many members will be present to participate in the discussions.

A delightful time was enjoyed by all at the annual picnic held at Stouffers. Following the picnic the game "Stamps" was played, with Stanley Treser as conductor. Prizes were awarded to many. All juniors are welcomed to the meetings, as well as visitors who desire to see the club in operation.

PROTEST POLICE MOVE

State police have ordered the discontinuance of auto drivers tests at Ellwood City which has caused a protest by the Ellwood City Chamber of Commerce.

BOOTH REUNION AUGUST 12

Descendants of Joseph and Ann Lawton Booth will meet for their annual reunion August 12 at Cascade Park. It will be a basket picnic beginning at 5 p.m.

Mrs. Charles Rice Dies In California

Word has been received by Mrs. Jess Forrest of R.D. 2, Youngstown road, that Mrs. Charles Rice, a former resident of this city, died in Richmond hospital near Hercules, Calif., on August 1 following an operation.

Mrs. Rice, the former Edith Davis, was born in Illinois 57 years ago and resided here for more than 20 years. She is survived by her husband and one brother, Dilard Davis, of Hercules. Burial was in California.

H. W. Bishop To Speak At Leesburg

During the Saturday night rally of the Leesburg Youth for Christ in the Leesburg Presbyterian church at 8 o'clock, H. W. Bishop of Grove City will be heard. Mr. Bishop is a Bible student and is a forceful speaker. The service will be prefaced by a good song service and testimonies.

Chief James B. Hodge of the New Castle Naval recruiting station announced today the enlistment of Herbert E. Mullen of 408 North Liberty street, New Castle, and the enlistment of Robert S.

Donston of 519 1/2 Lyndal street, New Castle.

Mullen was sent to Naval Receiving Station, Philadelphia for processing and assignment, and Donston to Great Lakes, Ill., for basic recruit training.

Haney's Picnic Proves Enjoyable

Employees and families of the Haney Furniture Co. on the Diamond, numbering 160, enjoyed the store's annual picnic which was held Wednesday afternoon and evening at East Palestine park.

The event started at noon with the group enjoying a lunch. The afternoon hours were spent in various sports events, with contests arranged for young and old alike by the capable committee. Swimming proved a popular pastime for the group. Appropriate prizes were awarded to the winners of all events.

Concluding the afternoon's festivities, the group was invited to partake of a sumptuous turkey dinner provided by the local firm. Following the dinner, the picnic

Seek To Outlaw Sale Of 'Little Atom' Toy Pistols Now

WASHINGTON, Aug. 9.—INS.—Washington police sought today to outlaw the sale of "little atom" toy pistols after a test showed that the weapon can fire through a 38-page newspaper.

Inspector Walter T. Storm ordered all policemen to instruct businessmen not to sell the pistols. If the merchants defy the order, he said, he will ask the

U. S. attorney's office to take action.

The G. and S. Manufacturing of Nashville, Tenn., importer and distributor of the miniature Japanese-made weapon, said, however, it will fight the order.

Mexican Oil May Be Help

May Make Up For Some Iranian Loss; Washington Notes

(Special to Central Press)
WASHINGTON, Aug. 9.—United States officials who should know predict that this government will offer financial and technical aid to Mexico's nationalized oil industry to step up production and, in part, make up for losses suffered in Iran's nationalization of petroleum.

Thus the losses suffered by one nation—Iran—through nationalization may benefit another nation—Mexico—which lost needed United States aid when it expropriated state-owned oil properties years ago. Preliminary negotiations are believed to be behind Interior Secretary Oscar L. Chapman's recent hurried trip south of the border.

A United States-Mexico oil agreement would be a complete reversal of administration policy, which has so far opposed any aid to Mexican oil.

Assistant to the Mexican National Oil Corporation, known as Pemex to thousands of U. S. tourists, would probably come with \$150 million in loans earmarked for almost every other type of economic development in Mexico. Part of this fund, or additional credits, might be diverted to petroleum for pipe line equipment and other facilities to increase the volume of oil moving from Mexico's fields.

Propaganda Merger?

Former Secretary of the Army Gordon Gray's new Psychological Warfare Board is expected to attempt a consolidation of the United States' various overseas publicity agencies. Congressional leaders are mapping a plan to move the State department's Voice of America to the PWB. However, a fight is expected from State.

Proponents of the move feel that it would be easier to get funds for the Voice if it is not in the State department, favorite target of congressional economists. Many supporters of the Voice feel that it suffers because of its sponsorship.

The new Gray board, which will work with the Central Intelligence Agency, also may take over the Defense department's overseas information sections, as well as those of other departments.

Ike Again

There seems to be more than an even chance that the name of Gen. Dwight D. Eisenhower will be entered in the Oregon presidential primary next May 16.

If Ike's hat is thrown in the ring, the tossing will have to be before February 16—the required 90 days before the primary for filing the names of all candidates.

Supporters of the European supreme commander are anxious to test his drawing power and popularity in an actual vote. They also want to know what ticket on which to run him.

A candidate's name may be entered in the Oregon primary on a petition with no more than 1,000 signatures, and his consent is not candidate can run on more than needed. In addition, no Oregon one ticket. Whether he approves or not, Eisenhower probably would have to indicate a preference for the Democratic or Republican party if Oregon petitions are started in his behalf.

Costly Guzzling

Rep Frank T. Bow (R., O.), wants to know how many hangers-on in addition to the big one for the taxpayer—were served by the 122 million cocktails caused by the State department since 1942.

That's the figure Bow arrived at after adding up the \$6 million spent by the department on liquor in the last nine years. Bow estimated that the \$6 million bought about 4,800,000 "fifth" of tax-free whisky at something like \$1.25 a bottle.

He looked into the matter further and concluded that the 4,800,000 "fifth" would provide about 122 million cocktails if sparingly mixed.

Business Report For State In June

PHILADELPHIA, Aug. 9.—(INS)—The Third Federal Reserve Bank of Philadelphia reported today that commercial and financial activity in the Third Federal Reserve District were comparatively stable during June.

Physical output of Pennsylvania manufacturing plants remained at the previous month's level, although firms making nondurable goods continued to curtail operations.

With the June reduction, activity in factories producing soft goods fell below that of a year ago for the first time since April, 1950. Factory employment was also unchanged during the month despite the adverse effects of the nondurable cutback. A number of firms reported they were compelled to lay-off workers because of material shortages or conversion to defense production.

Department store sales rose somewhat during the month but failed to show an increase over a year earlier for the first time in 13 months. Preliminary figures indicate that July's volume will be considerably beneath that of last year when fighting in Korea precipitated a wave of consumer buying.

Building activity declined in June but showed considerable vitality. Residential and public works and utilities construction continued below 1950 levels, but nonresidential activity recorded a gain of 144 per cent.

Modern Mothers Puzzle Experts

LONDON — (INS) — Modern mothers are a puzzle to British social welfare experts.

The experts were delegates at the annual conference of the National Association of Maternity and Child Welfare in London, and these were some of the things said about mothers:

Dr. W. A. Kane, of Manchester said he was appalled at the way British mothers smoked. "Some spend as much on cigarettes as on groceries," he said.

Dr. Robert Webster of Lancashire criticized mothers for regarding children as "accidental biological by-products."

Mrs. F. Gumble of the British Nurseries told the conference that the society officials had been told that women worked to buy television sets.

"We have taught mothers the necessity of good food and vitamins for children," she said, "and many women have to go out to work to be able to afford them."

But the loudest applause was reserved for Dr. John Robinson of Manchester.

"Women are being asked to work too hard," said Dr. Robinson, "they should not be asked to do two jobs—men don't."

"It is expecting too much to ask a woman to run her home and do all the catering and shopping for the family, and to do an outside job."

Big Feet Earns Marine Vacation

WITH THE FIRST MARINE DIVISION IN KOREA—(INS)—Private First Class Saadi A. Ferris II has big feet—big enough to earn him a 20-day vacation from the front lines.

The Austin, Tex., Marine sports whopping 14 double E's. He brought some of the gunboats with him from the States, but they wore out a few weeks ago, and the supply sergeant had nothing comparable in stock.

"Nobody," he insisted, looking unbelievably at Ferris' huge feet, "has shoes that size."

The battalion doctor took a more realistic view of the expansive matter.

"Rear echelon for you, son," said he. "We'll send to Japan for a pair of shoes, but they'll probably get here one at a time. Our cargo planes are only so big, you know."

Twenty restful days later the 14 double E's were in, and Pfc Ferris once again is leaving incredible footprints in the central Korean mountains.

Royalty Says It By Wire-Recorder

LONDON—(INS)—Princess Elizabeth and her sailor husband, Prince Philip, no longer bother with letters when they are parted but say it by wire-recorder.

The London Daily Mail reported that every week a spool of wire is airmailed from Clarence House to the Duke of Edinburgh, captain of the frigate Maggie, based on Malta.

On the spool is a record, spoken by Elizabeth, of the week's events at home. Her message is usually about a thousand words or so and is recorded daily.

Philip, in his replies, never fails to include a special postscript for the ears of Bonnie Prince Charlie. The royal couple bought their recording machines shortly before Philip's return to the Mediterranean fleet.

Tobacco Barons Beat Prisoners

LONDON — (INS) — A government White Paper on punishments in British jails revealed how prisoners are being terrorized by "tobacco barons."

The report said these black-market operators roll 120 pencil-thin cigarettes from 49 cents worth of tobacco and sell them at just over one cent each.

Tobacco-starved prisoners, earning between five and twenty-one cents a week, buy the cigarettes on credit, knowing they can never pay, the report added.

Then the "big shot operators use runners whose job is to collect the cash."

Driven crazy by the fear of a

beating-up, men gash themselves with knives so that they can "escape" the tobacco barons' runners by being sent to the hospital.

The report said they sometimes ask the prison governor for a change of job, beg for protection, or go sick. A letter from a prisoner written to a committee of five men and a woman, who investigated punishment in British prisons, said:

"You would be surprised if you knew the number of men who have been beaten-up, others disgraced, in prisons throughout the country."

The committee wrote in the report:

"We are satisfied from the evidence of prison officers that it is an accurate description."

The first steamboat navigated the Hudson river in 1807.

Have you noticed that chickens generally are plumper, meatier than they were a few years ago?

The principal reason for this is the "Chicken-of-Tomorrow" breeding program, sponsored by A&P with the cooperation of the poultry industry.

This six-year program has resulted in chickens that mature when they are younger and more tender, and have more meat in relation to bone.

Why don't you try the superior chickens at your A&P and let us know what you think of them? Please write:

Majoring in Psychology, Mr. Jackson is also president of the Senior class, a member of the Genevans choir, and also served as Student Senate representative and was manager of the basketball team for two years and was active on Gospel teams and in Christian Service Unions. He will enter the Louisville Presbyterian Theological seminary in September to prepare for the Christian ministry.

Missionary Society
Has Annual Outing

Women's Missionary society of the Mt. Jackson U. P. church, enjoyed its annual picnic and outing at the home of Mrs. P. A. Metz on the Cleveland Mill road. An excellent attendance was on had for the event.

A delicious tureen dinner was enjoyed by the members with the remainder of the time spent in informally reminiscing and engaging in social chat. Mrs. Metz proved a pleasing hostess to the group.

Bum's Day Held At
Ward Playground

Seventh Ward playground, along with the other play sites of the city marked "Bum's Day" on Wednesday, with a most hilarious time experienced by participants and spectators alike.

Albert Formati, in his unusual and original costume walked away easily with first prize which proved to be a blue ribbon. Second and third places went to Robert Ford and Richard Tommelio, respectively.

The youngsters proved amusing as they appeared on the playgrounds in their ragged clothes, dirty faces and traditional pack over their shoulder, held up by a stick. The event was one of the

many interesting days planned and provided for the youngsters by the recreation bureau.

Tuesday, the Mahoning playground girl's volleyball team won the city championship by defeating Farrell playground. The Mahoning team went through the season undefeated with 8 wins and no losses.

Leonard Santillo
Hurt In Accident

Leonard Santillo, aged 23, of 521 North Cedar street, suffered a harrowing experience on Wednesday when his car overturned on Route 422 while traveling to his home. In some manner Mr. Santillo lost control of the car and it struck an embankment and overturned.

Mr. Santillo was taken to the New Castle hospital where he was treated for abrasion of the left elbow and for shock. His injuries were of such a nature that he was admitted to the hospital for further observation.

His car was quite badly damaged in the accident.

He recently completed his indoctrination at Sampson.

State Police Make
Report Of Traffic
Accidents In July

Property damage amounting to \$21,865 was incurred because of motor vehicle wrecks on Lawrence county highways during July, according to state police.

Two persons were killed and 30 injured in 36 accidents. In July, 1950, no persons were killed but 26 were hurt.

The accident causes were said to be speeding, driving too fast for road conditions, driving on the wrong side of the highway, and failure to signal other operators.

Nine of the accidents occurred between 2 and 4 p. m. No time of the day or night was free of smashups. Twenty-eight took place during daylight hours and eight after darkness fell.

Two False Alarms
Reported In City

Two false alarms were turned in to the New Castle fire department during the night.

The first was at 7:20 p. m. Wednesday evening from Box No. 12, corner of Elm street and Falls street. This is the third false alarm from this box in five days. A boy was seen turning the alarm in.

The other alarm was turned in from Box No. 28, at the corner of Mill and East Washington streets at 12:45 a. m. today.

Four trucks answered the call at 12:45 this morning. Three answered the call Wednesday evening.

The first railroad tunnel in this country was constructed in 1833, four miles east of Johnstown, Pa.

All Ready For Playground Circus At 7 P.M.

Many children in New Castle are excited today. Their eyes are shining like stars, some of them didn't sleep too well last night because of the excitement and some of their appetites aren't quite normal. Tonight is the night! The playground circus will begin at 7 o'clock with a band concert conducted by Mike Isabella. Then the all-important, noisy, colorful, glamorous circus parade will begin at Taggart Stadium at 7:15.

The Biggest Little Show in New Castle will have many outstanding features. The Lilliputian king and queen (Frank Ludovick and Patricia Medure) will be there in all of their regal splendor.

Peter Mancino and Wilma Cavill will present a tumbling act that is worthy of professionals. Ever wonder what happened to Casey and his strawberry blond? Dean Park playground members will tell you at the circus. And what about the Highland Fling? Ever wonder just what it looked like? Farrell playground will show you, at the circus.

At one time or another most people have wanted to be a clown. Big Run playground is going to let you in on the secret of being a clown if you attend the circus.

Many, many other features and acts will be presented at the playground circus. Delace Cole will be the efficient and funny ring master.

Taggart Stadium tonight at 7 o'clock. Don't let the children of New Castle down.

Signs Of Revolt Against Liquor Traffic Are Seen

BOSTON, August 9.—(INS)—The president of the Women's Christian Temperance Union believes that campaigns for prohibition in Arkansas and Nebraska, and defeat of repeal in Oklahoma are signs of revolts against the liquor traffic.

Mrs. D. Leigh Colvin told the 77th annual convention of the WCTU in her annual report.

"Nearly every election is dotted with some drying-up local options—revolts by communities against the scourges of alcohol."

"However, the liquor traffic has so deeply entrenched itself in laws that it has become a national menace; a greater and greater power in politics linked up with venal politicians."

Mrs. Colvin declared that the Kefauver crime investigation "revealed a record of repeal showing worse corruption in public office and more widespread organized interlocking crime than ever has unearthed during the prohibition era."

The WCTU head praised General Douglas MacArthur for what she termed "his clean living and straight thinking." She said reports had been circulated to Temperance people in the United States that the general was part owner of a Manila Brewery and took beer to his Wake Island conference with President Truman.

Mrs. Colvin said a California Temperance group had asked the general whether this were true, and shortly before he left Tokyo the general had written the group denying such charges and adding: "You should not believe anything that enemies say."

The second largest island in the United States is Whidbey island in Washington state.

Where Dogs Lead A Pleasant Life

DIXBORO, Mich.—(INS)—A dog's life in the new Humane society animal shelter in Michigan is something out of this world. The Washtenaw county shelter is one of the finest of its kind in

the United States. The model shelter includes offices, observation and isolation wards, clinic, kitchen, nursery and kennels with outside runways for dogs and cats.

Some of the building's outstanding features are radiant heat, germicidal lamps and plexiglass swinging doors operated by the dogs themselves between the kennels and outside runs.

Danish Housewife Says Red Propaganda On U.S. Wrong

Communist-inspired anti-American propaganda pictures Americans as rich, arrogant, thoughtless, selfish and wasteful. In the following article, Ellen Larsen, a young Danish housewife, mother and former journalist who now is a delegate to the World Assembly of Youth at Cornell University, tells how she was influenced by this propaganda and how she has been pleasantly surprised to find after a few short days in the U.S. the opposite is true.

By ELLEN LARSEN
Danish Delegate to the World Assembly of Youth
(Written Expressly for E. N. S.)

ITHACA, N.Y., Aug. 8.—I have been in the United States only a few days, but already I have discovered that the American people are far from being the people so many of us had been led to believe they are.

This is a great and pleasant surprise for me. To tell the truth, I came here on my first visit to this great country just a little afraid of Americans and what I might find.

You see, we have obtained so much of our information about Americans and their way of living from the movies and magazines and from the anti-American propaganda inspired by the Communists. I suppose unconsciously many of us have been influenced to some extent by this propaganda, despite its source, which so often is cleverly concealed.

To me, therefore, the greatest experience of this visit—aside from meeting people from other countries—is to get acquainted with the American people as they really are, and really to learn about their way of life and how they think and act.

Even in this short time here I have found that the Americans essentially are no different from the people of my own country, having much the same hopes and fears and problems.

I believe this is a vital thing to know, because we feel that the future of the whole world depends to a great extent on the American people.

Never in all my life have I encountered such kindness and understanding and hospitality as in this country.

I shall return to Denmark grateful for this knowledge. It will be good to go back knowing that the Americans, as I have met them, are not all the rich, arrogant, thoughtless, selfish and wasteful people that the anti-American propagandists have tried to make them out.

Instead, I have found among Americans a genuine interest in the peoples of other lands, and in the welfare of those peoples.

I came here with my husband, who is the general secretary of the Danish Youth Council. We have three young children, ages 5, 2 and 8 months, and this is the first time we have been separated from them.

I no longer have any misgivings about the American people and their friendliness for others. As a journalist, I intend to write of this great experience when I return home—to write of the warm friendship extended us on our visit.

Eight-Month-Old Sedition Trial Is Nearing Conclusion

PITTSBURGH, Aug. 9.—(INS)—“Irregularities” were blamed today by Attorney John T. McTernan for his sudden move in announcing the defense has rested in the eight-month old trial of two Pittsburgh communists on sedition charges.

McTernan told trial Judge Henry X. O'Brien yesterday that he will not call the defendants, Andrew Onda and James Dolsen, to the witness stand. Neither will he call any defense witnesses.

McTernan's announcement, made while the jury was excused from the courtroom, came as a complete surprise.

The prosecution closed its case nearly two months ago. Since last week, the defense has been reading to the jury reams of testimony which had been ordered stricken from the record.

This was ordered because Steve Nelson, a former defendant in the case, was dropped when he suffered injuries in an automobile accident in Philadelphia.

In making the announcement, McTernan cited a long list of reasons why he is compelled to rest his case. In conclusion he renewed his much refused plea for a mistrial.

The sudden defense move meant the trial may be concluded this week.

Among the “irregularities” cited by McTernan was a contention that the jury was “intimidated and prejudiced by newspaper stories of the trial.”

NEVER A HUNGRY MOMENT

**Amazing New Food Tablets Plan
MAKE YOU
LOSE FAT!**

SAFELY—EASILY—QUICKLY or No Cost

START LOSING FAT FIRST DAY WITHOUT STARVATION, HARMFUL DRUGS, LAXATIVES, EXERCISE, MASSAGE

Yes, this new kind of reducing plan is the easy, safe way, the way urged by many doctors, to lose ugly fat. Tremett Tablets are a condensed food supplement designed to act 3 ways: (1) To help appease your hunger, to cut down your appetite automatically, yet you don't leave the table hungry; (2) They include nutritious elements to help maintain your energy while losing weight; (3) The Tremett eating regimen allows many foods, falsely labeled as "fattening" by many ordinary diets.

TAKE OFF FAT FIRST 8 DAYS OR NO COST

If your excess weight is caused by overeating (and not by a glandular condition), Tremett Tablets, taken as directed will reduce your weight first 8 days—no exercise or dieting!

MAKE THIS 8-DAY TEST

Get a box of Tremett Tablets today, and use as directed. Check your weight before and after using Tremett Tablets. Your money back if not delighted with results.

Nurse Tells How to Reduce

"I've been overweight since childhood, and have experimented with many reducing plans. I find the Tremett Tablet plan the ideal reducing aid. It's less drastic, requires no starvation and it's safe because it contains no harmful drugs."

East Berlin Youths Flock To West Berlin

By RICHARD S. WEIL
(U. N. S. Staff Correspondent)

BERLIN, Aug. 9.—The lure of freedom and plenty in West Berlin and the distraction of Latin-American senoritas in low-cut blouses in East Berlin today threatened the success of the communist youth festival.

Although an estimated half of the 400,000 youths assembled for the festival went AWOL to see how the "decadent" west lives, enough remained on hand for a torchlight parade by 10,000 communists shouting a hymn of hate against the United States.

A small delegation of young Reds from the U. S. led the parade last night carrying the Stars and Stripes and joining in the communist cry against American occupation troops: "Amis go home!"

They also joined in lusty singing of communist battle songs although peace has been the leading theme of orators at the festival.

Flock To West Berlin
Despite communist security measures which included reinforcement of police border patrols, the young Reds continued to flock to West Berlin to consume delicacies unknown in the home-lands of most and to gaze open-mouthed at the variety of goods in window displays.

Although West Berlin officials from the outset have refused to encourage the flight of communist youths to their sector, city authorities finally had to call on the general population to provide meals and beds for the young people.

Fifty special camps were unable to handle the flow of sight-seeing youths.

At least 200 of the young communists liked what they saw in West Berlin well enough to turn their backs on home and family and to ask permanent asylum in the west.

Within the communist camp, the youths allowed their attention to stray to hear non-Marxist praise on the pretty girls from Latin-America, represented by 322 delegates from 19 nations.

Even the communist newspaper Neues Deutschland took the opportunity to admire the looks of the dark-eyed senoritas in a non-Marxist "deviation."

ASKS FOR \$12,000,000
WASHINGTON, Aug. 9.—(INS)—President Truman today asked Congress to authorize a 12 million dollar contribution to the International Children's Emergency Fund for use during the present fiscal year.

The President made the request in letters to Vice President Barkley and House speaker Rayburn (D) Tex.

Mr. Truman said that the UN General Assembly had extended operation of the children's fund for three years and that the existing authorization for U. S. contributions expired June 30.

Belya Lockwood was the only woman ever to run for president.

Police Commissioner From Hong Kong In New York For Parley

NEW YORK, Aug. 9.—(INS)—Hong Kong Police Commissioner Duncan MacIntosh arrived in New York today to consult with U. S. officials.

MacIntosh, in a brief interview with newsmen aboard the liner Caronia, presented an optimistic picture of the decline in drug addiction among Hong Kong youngsters.

This, he said, is "unlike the situation I understand exists in your country."

The police commissioner asserted that the supply of opium from Red China to the rest of the world has been "drastically reduced" because of the lack of shipping.

He declined to disclose the exact purpose of his trip, but said he hopes to visit with several U. S. police commissioners.

Would Prevent Early Retirement Of Military Men

WASHINGTON, Aug. 9.—(INS)—The House today tentatively voted to prohibit the retirement of any military personnel except for age or physical disability.

It did so by approving an amendment to the \$6 billion dollar defense appropriations bill which is nearing final House passage.

The amendment sponsored by Rep. Van Zandt (R, Pa.) was adopted by a vote of 81 to 71 and is subject to reconsideration later.

It would prevent the retirement of military and naval officers and men unless they reach the regular age of 64 or are physically disabled to continue in service.

This would require men who have served 30 years and are presently able to retire at 75 per cent of their pay to remain on duty.

Cost Of Living In State Has Reached All-Time High

HARRISBURG, Aug. 9.—(INS)—It costs more to live in Pennsylvania today than at anytime since Indians did business with wampum.

That's the report of the State Labor and Industry Department which canvassed 16 cities of all sizes and came up with a well-known fact that prices have soared to an all-time level as of June 15.

Retail prices of essential commodities and services reached 181 per cent of the basic chart of June, 1941, the department said.

Food prices, including meat, touched 218.3, double pre-World War II prices.

"Clothing, fuel, rent, refrigeration, house furnishings and food have maintained a solid front in an uninterrupted march which has flattened the pocketbook," the department reported.

Illinois Town Has Sweet Corn Festival

MENDOTA, Ill., Aug. 9.—(INS)—Population of Mendota—4,000—expands five times today for the fourth annual "world's greatest sweet corn festival".

Visitors to the small Illinois town in the nation's corn belt will be able to consume as many ears of corn as they can hold.

In addition to the kettle-boiled corn eight tons will be steamed in an old steam engine.

On the program are a concert, a

pet and costume parade and—naturally—a corn-eating contest.

Officials still are trying to live down the embarrassment occasioned by last year's festivities when a last-minute check disclosed that there wasn't an ear of sweet corn ripe in the area.

Nearby Hoopeston saved the day, however, by sending over the corn. This year Mendota has its own supply.

Gregarious animals are those that live in flocks or herds.

Beefsteak Ransom Paid For Marine

WITH THE FIRST MARINE AIR WING IN KOREA—(INS)—Pilots of a Leatherneck "Devilcat" squadron paid a rare price for the return of one of their comrades.

The "ransom" was 100 pounds of steak. And it was paid not to the Reds, but to a hungry and prankish U. S. Army helicopter outfit.

Marine Captain Russell G. Patterson, shot down behind enemy

lines in central Korea, was rescued by an Army helicopter.

The 'copter men refused to return him to his home carrier until Captain Patterson's squadron mates came through with the "chow."

The "Flying Leathernecks" on ly beef: he wasn't even worth his own weight in beefsteak.

Wilkinsburg Kiwanians Visit Here

New Castle's Kiwanis club had "company" Wednesday at noon in The Castleton hotel.

About twenty five members of the Wilkinsburg club with their wives attended the luncheon meeting and later were taken on a tour of the Shenango Pottery. Heading the delegation were Past District President Frank Findlay and club president Charles Turner.

The visiting members were introduced to the New Castle men and their wives and in turn the New Castle members were introduced. President David Gatrill made a number of announcements. The speaker of the day was Bart Richards who spoke on The Atomic Bomb.

Dale Johnston Is To Be Returned To U.S. From Korea

According to word received from Cpl. Dale Johnston, Tuesday, he is among those stationed in Korea who are awaiting homecoming on the rotating system. Johnston is the son of Mr. and Mrs. Hollis Johnston, Volant, R.D. 1.

A member of the reserves, he was recalled to duty on October 19, 1950, and landed in Korea on Christmas Day. At the present time he is stationed at the U. N. Replacement Center, near Pusan, and is in contact with troops from all countries who are members of the United Nations. In the letter received by his parents Tuesday, he said that he expects to be home some time this fall, although it may be late in the season.

Cpl. Johnston served with the Army three years during World War II, and saw action in the European theater.

Another Crackdown On Control Violators Being Prepared

WASHINGTON, Aug. 9.—(INS)—The National Production Authority said today the government is preparing another crackdown on willful violators of industrial control regulations.

NPA said that "flying squads" of enforcement officers are being organized to gather evidence against violators who are reported intentionally disregarding the controls program.

Some 200 investigators have been spot checking 1,000 manufacturers to find out whether they are complying with NPA controls. Officials said that willful violators

State Harvests Reported Good

HARRISBURG, Aug. 9.—(INS)—Favorable harvests were reported today by the state agriculture department despite dry weather but soil was described as too dry for plowing.

Corn growth slowed and pasture conditions declined, it was added. North central counties reported low water levels and some farmers are hauling water for live-

stock, according to the department. The department's crop outlook follows:

While corn made rapid progress the cool week ended slowed growth when low temperatures set new records in some areas. Temperatures averaged 67 degrees, four under normal for the week. Rainfall averaged only 1.8 of an inch compared with the normal of nearly one inch.

"Some barley fields in the south-east are ready for seeding. Wheat combining is about finished except in northern sections. Oats harvest is moving northward with yields very high for some hybrid varieties. Buckwheat is late.

"Late potatoes are showing

some blight in commercial areas and need rain to maintain growth. Early fields of tobacco are being topped.

"The snap bean harvest continues in full swing in all areas. Bumper crops are being obtained in central counties. Harvest of sweet corn for processing is under way in the south and market supplies of fair to good quality are increasing rapidly. Market tomatoes are appearing in heavy volume and the canning crop harvest is spreading to more southern areas.

"Apples are maturing rapidly and quality of early varieties now being marketed has improved. The

peach harvest is rapidly gaining momentum in the eastern and southern Pennsylvania commercial orchards. Golden Jubilees are now being picked."

Copy Adult Delinquency?

NEW YORK, Aug. 8.—INS.—American universities are beginning to reap what they have deliberately sowed on the athletic field for years. And their screams of anguish and indignation at the discovery that basketball players, following the example of their alma maters, sell to the highest bidder and that football players cheat on exams sound hollow and phony.

Old Enough To Know

Young men of college age, whether at Bradley U., N. Y. U., or West Point, are old enough to know right from wrong. Period. To sell out to gamblers or cheat in the classroom clinches is inexcusable. But the youths involved in these offenses have had neither an inspiring example spread before them in the behavior of their respective schools nor by adults in general.

We live in the age of the easy buck—the really cheap dollar—and of easy tolerance for moral situations in all phases of public and private life that would turn the stomach of a goat.

The inexcusable financial greed of American universities, and West Point is no exception, and their cheap ambition to boost winning teams rather than academic accomplishment, has surely not been lost to generations of students in the past 25 years.

Bought And Sold

Football players are bought and sold in the open market by the schools themselves or by loyal alumni whose eternal sophomore status is never open to question. Athletic teams must bring home the bacon to build bigger stadiums to the greater glory of old swash, so that subsequent teams can be pressured into bringing home the bacon to support such stadiums.

Just a year ago, Frank Leahy, the great coach of Notre Dame, spent thirty minutes explaining the two platoon system to me, and at the end of the lecture, tossed in the added information that universities were already discussing the possibility of the three platoon system.

"The third platoon is to study," Mr. Leahy explained. It seemed awfully funny at the moment. It doesn't seem very hilarious now in view of the basketball scandals and the fiasco at West Point.

Boost Coaches Salary

I was at the University of Wisconsin this winter when the board of regents boosted the winning football coach's salary above that of the prexy, who heads one of the largest schools in the nation. Only a few students seemed indignant at this standard of academic values. And even they were not surprised.

In Tulsa this spring, I heard a group of substantial citizens laud because the president of Oklahoma University had been given a grat-

uitous raise because the regents had boosted the salary of the football coach and felt impelled to do as handsomely by the prexy. Naturally, the alumni had not duplicated for the president the new automobile they press annually upon the coach. No use carrying equality too far!

How can thinking adults expect students in their late teens and early twenties to have a more nicely developed sense of values, not to mention ethics, than the schools they attend and the regents who guide these schools?

Smelly Situation

A number of vocal adults, particularly congressmen, now screaming with moral indignation over the West Point situation, seem to feel that it can be solved by publicly whipping the miscreants down the streets. I wish they were equally indignant at the causes which gave rise to the situation.

Let's lynch a few of the educators responsible for the smelly situation in intercollegiate athletics as well as the youngsters caught with the boogie and the ponies. Some of us citizens are even so

lost to reason that selling out a basketball game and cribbing on exams seem small potatoes beside wholesale gifts of deep freezers to major generals in White House favor and distribution of royal pastel mink coats for political influence signed, sealed and delivered.

There probably wouldn't be one-hundredth of the juvenile delin-

quency in universities today if there weren't so much adult delinquency to copy on all sides.

PARIS—In Paris summer fashions this year, fox jackets, stoles and capes are moving into the limelight. Ermine, mink and broad-tail have slipped down from their luxurious position.

Rev. Frederick Smith At Youth For Christ

Announcement has been made by George Capps, program director of New Castle Youth for Christ, that Rev. Frederick A. Smith of Colombia, South America will be

the speaker, Saturday evening at the rally in the First Baptist church at 7:45 o'clock.

Rev. Smith will dress one of the members of his family in native attire during the service. He will also show color slide pictures of his work in South America. A report of the recent International Youth for Christ conference at Winona Lake, Indiana, will be

given by Mr. Smith who attended the sessions.

An extra special musical program has been arranged for the evening with visiting vocalists to be heard.

LONDON—Armor worn by Henry VIII and such famous Elizabethans as the Earl of Leicester are on view at an exhibition at the historic Tower of London.

New York Stocks

Little Change
In Day's Prices

NEW YORK, Aug. 9.—(INS)—The stock market turned irregular today after an early spurt in rail shares failed to stir up buying interest elsewhere along the line.

Demand for the carrier list was touched off by the action of the Interstate Commerce Commission in approving higher freight rates for the nation's railroads. An accumulation of overnight buying orders lifted a number of key carrier issues a point or more, but in many instances opening prices proved the highs of the day.

An easier tone prevailed for many of the pivotal industrial shares. Small losses were sustained by U. S. Steel, Standard Oil of New Jersey, Chrysler and Allied Chemical. American Cyanamid dropped 1½ points.

Volume for the first hour totaled 400,000 shares as against 280,000 yesterday.

Curb stocks were firm.

The bond market was featured by demand for rail issues.

Commodities were steady.

TOO DEEP FOR THEM

RICHMOND, Va.—The city had to double its contract price for dumping debris in an old quarry because city truck drivers balked at backing the trucks to the edge of a 75-foot cliff over the 225-foot-deep quarry lake. Under the new contract the quarry owners will push the debris over with bulldozers.

A peanut technically is a fruit.

Provides Problem At New Power Plant

Huge 85-ton steam generator drum aboard freight car at Power Plant.

A giant 85-ton steam generator drum provided a thrilling spectacle Tuesday as it was hoisted into place high in the towering steel framework of the new Pennsylvania Power company addition under construction at West Pittsburg.

The huge drum, 60 feet long and six feet in diameter, offered a challenge to engineering skill as a sling of cables inched it skyward 104 feet from ground level. The monster is one of the largest of its kind ever constructed. Due to the extremely high steam pressure under which it operates, the drum wall is of solid steel 4 13/16 inches thick.

Transported here from Barberton, O., on a flat car, by a locomotive and a caterpillar crane, it was then lowered onto poles and rolled to the center of the building at ground level with the assistance of a large hoist.

Hoisted "Eleven" Stories

Placed in slings and an intricate rigging of one-inch cables, the drum was then gradually elevated by the hoist and a compressed air windlass. Due to the fact that the drum was longer than the width of the space through which it was lifted, it was necessary to take it up at a sharp angle, at one time almost approaching the vertical.

At the 104-foot level, equivalent to eleven stories of an ordinary building, the drum was secured by metal straps.

With its erection the cost of the completed boiler, of which the drums is a part, will exceed one and one-half million dollars. Requiring several months to build, it is being manufactured by the Babcock and Wilcox company of Barberton.

The erection equipment and a crew headed by C. W. Wade came here from Ohio to raise the drum. A crew of boiler experts from the manufacturing company is also on hand to perform its installation.

The drum is a part of the 85,000-kilowatt turbo-generator unit now under construction that will double the Pennsylvania Power company's present capacity.

Early cancer can be cured by X-rays, radium or surgery, used separately or together.

Raising drum to height equivalent to eleven stories of ordinary building.

U.S. Population
Is Over 154,000,000

WASHINGTON, August 9.—The Census Bureau today estimated the population on July 1 as 154,353,000 persons, including members of the Armed Forces overseas.

This compares with 151,132,000 when the last census was taken in April, 1950, and with an estimate of 153,085,000 for January 1, 1951.

KILLED AT BUTLER

BUTLER, Pa., August 9.—Injuries suffered in a week-end auto crash proved fatal Wednesday to David Strauss, 23, of Wheatland, Mercer County.

Six other persons were injured in the crash at Bakerstown, in-

volving two autos and a truck. One of the injured, Arthur Doot, 34, of Sharon, remains in critical condition at Butler Hospital.

WITH NEW CASTLE
AFRO-AMERICANS

A number of women's clubs will unite at Cascade Park, Friday afternoon for a joint picnic. The groups include: Rising Star club; P.L.D. Reading Circle, C.S.C. club and the Sunshine Kensington club. Dinner will be served at 6 o'clock.

All members of the Valley Temple No. 167 are asked to be present at the meeting tonight in the Elks home at 8:00 o'clock.

Howard Donston
Injured In Fall

Howard Donston, aged 10 years, of 519½ Lyndal street was injured Wednesday morning, when he fell off of his bicycle suffering lacerations of the right forearm.

He was admitted to the New Castle Hospital for treatment.

Cancer was recorded as a disease by the Egyptians in 1500 B.C.

Powerglide is coupled with the most powerful engine in the low-price field—Chevrolet's extra-efficient 105-h.p. Valve-in-Head Engine—the trend leader for the industry.

EconoMiser Rear Axle

Rear wheels travel farther at each engine revolution . . . fewer engine revolutions and less gas at highway speeds. Result: traditional Chevrolet economy in over-all driving.

Oil Does It All!

Oil replaces gears in the Powerglide Transmission. No direct mechanical connection between engine and rear axle. You have an infinite number of drive ratios.

HOW DO YOU MEASURE UP?

Fishing To Catch Fish

If you are a fisherman the chances are 99 to one that you go fishing to catch fish. This business of going out to commune with nature or loosening up the old casting arm is O. K., but the primary objective is to connect up with members of the finny tribe. After all, they (the fish) are responsible for your being a fisherman.

When 1272 fishermen were asked about their objective when on a fishing trip nearly all to a man admitted that they hoped to catch fish. Of course, many admitted that they would consider a trip successful even though no fish might be caught. But, they go out with blood in their eye.

Ninety-six percent of those interviewed admitted that it's more fun to fish with a fairly complete outfit. The bare-foot boy legend notwithstanding, he too declared that he prefers a good rod and

Ye Complete Angler

Much of the fun of fishing is in caring for your outfit and adding to it from time to time. A well heeled angler knows and regards no limits when turned loose in a well stocked sport store. Some fishermen seem to lose their judgment when it comes to the purchase of fishing tackle. They will buy any gadget regardless of how unusual and unlikely it may appear to them if claims are made that it will catch fish. Those who start life with a willow switch, a length of store string and a bent hook end up with enough equipment to stock a small store.

The consensus is that the average fisherman owns \$75.00 worth of equipment. Bear in mind that this includes such items as boats, boat trailers, motors, boots and an endless array of other adjuncts designed to enhance the sport.

One elderly zealot admitted to \$30,000 worth of equipment which

includes twelve high grade salt water outfits. When asked why he had so much equipment he answered that he likes to look at it as well as use it. He does most of his ocean fishing off the coast of Mexico. Yet, he probably has no more fun than the chap next in line who admitted to an ancient telescopic steel rod, a 75 cent reel and a Cuttyhunk line. He fishes at least once a week. Lures? "Live bait," he retorted. "Worms, crabs and minnows".

Forty-four per cent of all fly casters own one rod, 33 per cent two rods, 23 per cent more than two. Bait casting rod ownership runs slightly higher. Eighty-eight per cent of all spin-fishermen own one rod, four per cent two rods and 8 per cent more than two. The same. Incidentally, many anglers fishing for the first time and who borrow equipment for the occasion, subsequently purchase outfits of their own. Frequently they go all out for the very finest the market affords.

Bass Fishing Is Most Popular

Bass head the list of the most sought species with 93 per cent of the anglers stating that it is their favorite quarry. Others in the order of their popularity are pan-

fish, trout, northern pike, wall-eyes, lake trout and muskellunge. If you are 32 years old, married and have two and one-half children, earn at least \$3,600 a year and have some kind of a car, then you tally up to average.

It may be a matter of self praise, but every one to a man declared that fishermen are a pretty good lot. I. e., they are as a rule when consorting with other members of the angling fraternity. It would be most interesting to learn what the little woman thinks of her angling husband. More later.

Christ Methodists
Refinish Parsonage

Work of redecorating the Christ Methodist church parsonage on Phillips street has just been completed by members of the churches and painters. The work enhances

greatly the interior appearance of the pastor's residence.

Rev. Thomas Callandro, who is grateful for the work which has just been done and for the help given, announces that work of redecorating the basement of the church is to get under way shortly.

Plans are being completed by the members of the church for a

Sunday afternoon vesper service to be conducted at Gaston Park on Sunday, August 12 at 5 p.m. with the pastor, Rev. Callandro in charge and bringing the meditation. Congregational singing will be enjoyed as well as special music provided by visiting vocalists. Accordion accompaniment will be used during the song service.

Farm Roundup

Production Of Wool Is Higher

Other Facts Of Farm Interest

WASHINGTON, Aug. 9.—(INS)—Wool production on the nation's sheep farms is up four per cent this year, but it is still expected to be 27 per cent below the long-term average.

The agriculture department estimates the quantity of wool shorn and to be shorn this year at 229,111,000 pounds, or nine million pounds more than was shorn during 1950.

More sheep and a record heavy weight per fleece resulted in this year's increased production. About two per cent more sheep were shorn this year than last. The new high fleece weight of 8.23 pounds compares with 8.55 pounds in 1950, and the average of eight pounds in recent years.

Unusually high fleece weights were reported in the northern mountain and northern plains states, setting new records in many areas.

More than 8,600,000 children benefited from the national school lunch program during the past school year, and the agriculture department said that today that number was a new record.

The program is designed to improve the health and well-being of the nation's school children, and to broaden the market for agricultural food commodities.

The program cost 350 million dollars in the past year. That money went to pay a total of 1.4 billion lunches. About 214 million dollars of the money was spent for food locally by participating schools.

If you should wander onto a loading platform at one of your nearby wholesale produce warehouses, don't be surprised if you hear a voice barking out lists of cabbages, corn and cauliflower over a loudspeaker.

What you hear is probably the result of a new agriculture plan to cut one-third of the cost in loading operations.

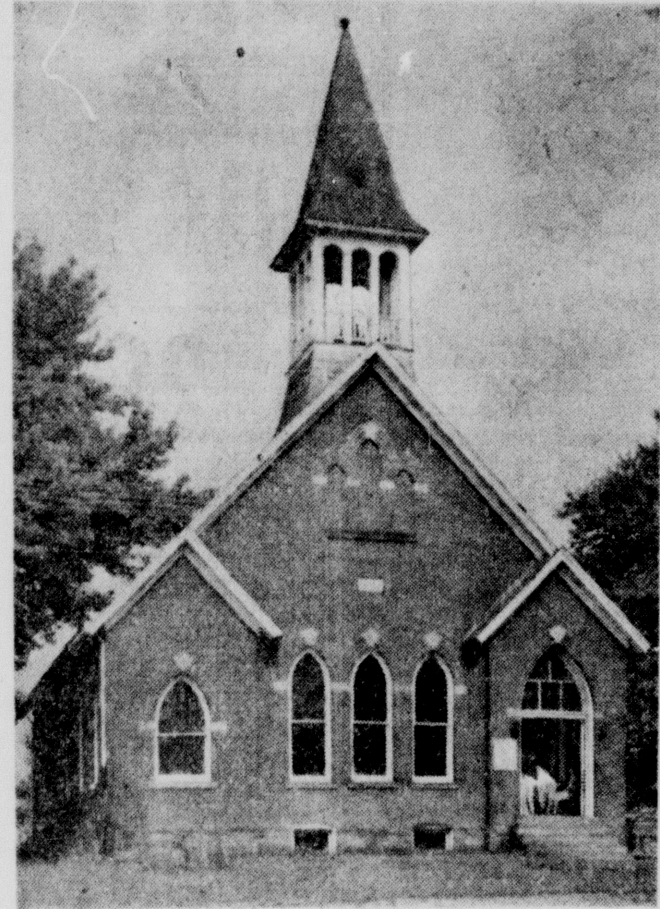

In most loading work, one man calls out the items to be loaded. Under the new plan a voice recording of the items is prepared in the business office by the clerk who handles the invoices.

This recording is then played through loudspeakers in the warehouse. In department tests the men soon became accustomed to the new process, and the time for loading was cut.

Wholesalers will probably appreciate the chance to save labor costs, but the agriculture department explains the tests were all part of the program to reduce the price spreads between farmer and consumer.

King's Chapel Methodist To Mark 147th Milestone

King's Chapel Methodist congregation will observe the 147th anniversary of their church's organization with appropriate services Sunday, August 12, at the church located on King's Chapel road.

After the Bible school hour at 10 a.m., Rev. L. D. Sproull will preach on the theme, "The Cry for Aims," at the worship service at 11 a.m. A basket picnic at 12:30 p.m. will be followed by an organ recital by Mrs. W. H. Luikart at 2:15 p.m.

The class of 1920 that grew up together in the historic church has planned a brief program for reminiscing at 2:40 p.m. while Dr. Albert Marriott of Stone Methodist church, Meadville, will speak at 3 p.m. After a basket picnic at 5:30 p.m. there will be a singingspiration at 8 p.m., the day's program having been arranged by the members with the help of Rev. E. R. Nunemaker and Roy Sproull.

The church choir will sing at the morning and afternoon worship services, while Miss Jeanne Morgan of Pulaski will offer a solo.

In 1804 Marinus King founded the church so that the few settlers of a sparsely settled community could gather for weekly worship. Later years saw Ira D. Sankey enter those same church doors, eventually finding salvation there. Mr. Sankey was well known for his evangelistic work and for writing music for the hymn, "The Ninety and Nine."

Former members who have moved away will return to King's Chapel church Sunday to renew their friendships, meeting many they have not seen for some time. Those who have joined the congregation in recent years will learn of the church's fine, old traditions that are theirs to uphold in the future.

Pontoon Bridge On Road To Kaesong Again Swept Away

U. N. TRUCE CAMP NEAR KAESONG, Aug. 9.—(INS)—The rain-swollen Imjin river today swept away a portion of the pontoon bridge on the road to Kaesong from the United Nations truce camp.

Twice before the bridge has been put out of commission during the past three weeks by flood waters. On two other occasions the pontoon bridge has been dismantled to allow flood waters to pass without destroying the span or its causeways.

Engineers said they will have to wait until the river recedes considerably before replacing the bridge.

Believes Cadets Are Genuinely Sorry

WEST POINT, N. Y., Aug. 9.—(INS)—The Rev. Frank Pulley, Protestant chaplain at West Point, said today that many of the cadets accused of cheating came to him for counsel. He said he believes "the men are genuinely sorry and are ready to take a new turn in life."

He declared: "The men were stunned when they realized the seriousness of what they did—both to the academy and their own careers. The important thing that I tell them is that we must not let a single mistake wreck a life."

He added: "The whole world needs a new standard—a new vision of what is right. If these men can now see what is right, their pain has been justified. Most of the men feel deeply hurt that they have been labelled cheaters. They believe, in some way, what they were doing was tied up with comradeship."

HOME BAKED PIES—CAKES—COOKIES AND PIZZA
FRIDAY, AUGUST 10TH AT 1:30 IN AFTERNOON

Ma Newc Has Her Say:

Tonight is the night of the playground circus put on by the children of the city playgrounds. Have noticed the happy gleam in more than one child's eyes. Only now and then does the sickening thought of no one being there to watch them perform cross their minds. Pa and I will be there. Will you?

Went shopping today. Dollar Day is my day to spend money and get exceptional bargains. I have a special penny and dime jar that I use for that express purpose. Have to begin filling it again for next Dollar Day. Apparently I'm not the only woman that feels the same way. Ran into several friends doing the same thing.

Every time a mosquito bite begins to annoy, can't help but think of the war on mosquitoes being waged in Dallas, Tex. The Texans have placed small darting fish in all available pools and puddles in the area. The fish, Gambusia Affinis or mosquito minnows, just dot on an exclusive diet of mosquitoes. They are the fish that are given credit for helping to build the Panama Canal. They were used to rid the canal zone of the malaria-carrying mosquitoes.

One of the nicest things I've seen for a long time for the person with little or no storage space. A shoe rack on legs that holds several pairs of shoes. Ideal for closet floors. Rack permits air to circulate and also permits dusting and cleaning without having to move each shoe. Also grand for Junior and Sister for training in the "pick up your own things" department.

Have been told that the new plastic waste baskets on the market cannot rust or deteriorate from contact with water. Also resistant to most acids and corrosive chemicals. Just a quick wash with warm soap and water and they are fresh and clean.

I knew someone would think of it sooner or later. Jazz in the barn for the cows, eye glasses for the chickens, clothing and accessories of every description for dogs and cats, but this tops them all, false teeth for horses. In one of the "horse operas" being filmed in Hollywood one of the

horses had the bad habit of grinding his teeth when the camera started to roll. Special effects rubber caps put over Baldy's teeth.

Glad to see the mother-daughter fashions are still popular. Rather proud to walk with my daughter when wearing look-alike dresses.

Granted that auto racing is exciting, but have you heard about the caterpillar in the auto race? Cars whizzing by at eighty miles an hour and the tiny caterpillar, unconcerned as could be, started across the track. Had a little difficulty with wind caused by passing the autos, but on the average he was crossing at about two feet a minute. When the little caterpillar made it to the other side, the people broke into spontaneous applause. They had forgotten about the auto race.

Have noticed the furniture trend is not to the ultra-modern, nor is it to the old-fashioned variety. A happy medium has been reached by some designers, with the result that comfortable, functional furniture that is easy on the eye and the pocketbook is now on the market. Easier on temper, too. This furniture is built to withstand the hard knocks of lively growing children and the hit-and-miss care the furniture often gets in this fast-paced life.

Ever wonder what happens to the white keys on the piano? Try using a separate suds cloth or sponge for white keys and black keys. Use different soft, clean cloths for rinsing and drying, too. Believe you will soon notice the difference.

TRAVEL SPACE

NEW YORK—If you plan to travel on the highways this summer, you may be interested in some new drawers that fit under a car seat. The drawers are steel and they slide into the waste space under the front seat. No tools are needed to install them. You just slip them under the seat and snap them into place. They'll make room for all those odds and ends there isn't room for in the glove compartment.

Indians Take First Place As Feller Wins 18th Victory

Yankees Lose To Washington

Dodgers Increase Lead, Pirates Win

By HOWARD SIGMUND
(U. S. Sports Writer)

NEW YORK, Aug. 9.—So, who's going to face the Dodgers in the World Series?

It may be the Indians, who are a half game up from today in the torrid American League chase. Or it may be those inevitable Yankees again, who have a way of winning those close ones.

The National League fall representative is fairly well established by now. In case you just came in, Brooklyn is leading by 1½ games.

The Dodgers just about answered the last remaining question by sweeping the second place New York Giants, 7 to 2 and 7 to 6 in ten innings in a day-night doubleheader yesterday.

Feller Wins

In the Junior Circuit, the Indians and Yankees changed places. Bobby Feller, who has expressed a desire to be a twenty-game winner once more and to win a World Series game before he terminates his career, has a good chance of doing both this season.

Feller won his 18th game as he pitched the Tribe to a 2 to 1 victory over the lowly St. Louis Browns. Cleveland, winning its seventh in a row, moved up to the Yankees and Vic Raschi fell, 4 to 1 before the Washington Senators, Bob Porterfield and pair of two-run homers by Mickey Vernon.

The Indians now have a .629 percentage while the Yanks, who held first place since July 25, have a .625 mark.

Phils Moving

Leo Durocher's main worry seems to be about second place. The third place Philadelphia Phils are only 2½ games behind the Giants and coming fast. They edged the Boston Braves, 3 to 2 last night with a two-run rally in the eighth.

The Pittsburgh Pirates got by the St. Louis Cardinals, 10 to 7, and the Cincinnati Reds topped Chicago twice, 7 to 5 and 4 to 3. Gus Bell homered for the Pilates and Stan Musial collected one for the Cards.

Reds Win Two

Ewell Blackwell won his 11th game in the opener for the Reds and Herm Wehmeier tossed a five-hitter to take the nightcap.

George Kell singled home the winning run as the Detroit Tigers edged the Chicago White Sox, 6 to 5 in eleven innings.

The Red Sox-Athletic game was rained out.

U. S. ALL-STARS WIN

NEW YORK, Aug. 9.—(INS)—The United States All-Stars defeated the New York Yankees, 9-2, last night in the sixth annual Hearst sandlot classic before 17,257 fans at the Polo Grounds.

The visitors, with Al Kaline, Baltimore centerfielder, and Harold Holland, Pittsburgh, first baseman, the batting stars, sewed up the game with three-run barrages in both the first and second innings.

Fans Flock To Wampum Game

First Of Playoffs Takes Place Today

Wampum, City League pennant winners, and Elliotts, third-place team, clash in the first game of a playoff series at 6:15 p.m. today at Wampum. Rainey will hurl for the Elliotts while Book will pitch for Wampum. During the season he set down the Elliotts four times.

The teams will probably take the field as follows:

| Elliotts | Position | Wampum | Position |
|-----------|----------|-----------|----------|
| Lombardo | 1 | Haltogger | 1 |
| Seaglion | 2 | Mills | 2 |
| Rasmussen | 3 | Badger | 3 |

The second game of the Wampum-Elliotts series will be played at 2:30 p.m. Sunday at Mahoningtown.

A big crowd plans to follow Elliotts to Wampum.

Bessemer vs Universal Friday

Bessemer, fourth-place team and Universals will clash at 6:15 p.m. Friday at Washington Field. The managers will probably announce their line-ups Friday.

One of the features of Bessemer is they have four Andersons in the lineup.

The Universals have four home run hitters, who have pored a total of 26 home runs. They are Conti, Fazzone, Markey and Razzano.

According to dope today, Manager Jim Martin of Bessemer will use either Anderson, Grist or Martin on the mound, while Manager Nick Genock of the Universals will pitch either Michalajko, Hoch, Snow or Latsko.

Will Release Local Tennis Tournament Pairings On Friday

Pairings for the New Castle tennis tournament, scheduled to begin Sunday, August 12, will be released Friday, it was announced today by Art Alexander.

Eleven entries comprise the men's senior singles division, and eight doubles teams. The junior bracket will match eight singles players and four doubles teams.

Dan Montozzi and Manny Kogins were the latest entries, both as singles players, and as a double team.

Regular Season Ticket Holders Have Until August 14

Football season ticket orders are coming in at a nice rate, and work on the assigning of seats will begin within a few days.

Regular season ticket fans are reminded that their orders should be sent in by August 14 in order to insure that they will be given seats in the same location as last year. After that date unclaimed seats will be filled with persons who formerly had seats farther out, and with new customers.

Butler Pirates To Open Series Here On Friday

Gigantic Fireworks Display Saturday

The New Castle Indians, idle the past three days by the dropping out of the Oil City Athletics, will resume their fight for the top berth in the Mid-Atlantic league at Flaherty field Friday night, meeting the Butler Pirates at 7:30 o'clock.

During the full Manager Al Milnar has had his charges at the field for workouts to keep them in shape. The Indians are 3½ games back of Niagara Falls today as a result of Erie slapping a 22-4 defeat on the Falls last night. In the only other game Lothrop topped Butler 7-5, leaving the Indians two full games behind Lothrop.

Fireworks Saturday

The three-day rest for his hurlers will mean that Milnar can throw his best at Butler starting Friday night. Ken Geer will probably get the Friday assignment.

There will be a gigantic fireworks display at Flaherty field Saturday night following the Butler game.

Will Finish Season

President Al Scarazzo met with the stockholders and board of directors last night, and while the financial picture is not too rosy, it was decided to finish the season.

An effort is being made to get Rudy York to join the New Castle team for the remainder of the season, if York and the local management can get together on terms.

York's tremendous hitting power would help the Indians considerably. York has hit 33 home runs to date, five shy of an all-time league record.

Jack Hughes, Dave Lewis and Martin Horning will attend Penn State College.

MEARL HOOVER, local restaurateur, passed another milestone along Life's highway Monday. . . . The DiLullo brothers, Sol and Dave, expect to see Bob Baker and Omelio Agramonte clash Monday at Heidelberg arena. . . . Paul McCullough, who, in his day, was a natural as a pitcher, is on the water-wagon. By this, it is meant he operates a truck which delivers bottles of water. . . . There have been many good fights here, but none excelled in hard punching the battle between Paris Cangey, now at the Bossert, and Frankie Ross, who later became a Mid-Atlantic loop umpire. Cangey won by a knockout after both were on the Opera House ring floor several times. . . . "Socks" Welsh is a heavyweight in avoirdupois, but glides around a dance floor like a zephyr. . . . Eddie Aylward, Cleveland sportsman, has forwarded the writer a complete roster of the Cleveland Indians for the past 50 years. It was compiled by the Cleveland Press sports department. It lists the late Terry Turner of Ellwood City as being an Indians' infielder, 1905-1919, inclusive. . . . Jim Hisoulas, East Side businessman, wrestled in the days when the late Denny Morgan "ran" a hotel in Sharon. One of his closest friends is Jim Londo, who, despite age, is yet performing on the mat. . . . Jake Pittler, Brooklyn coach, once managed Oil City. That was in the Golden era of the 20's when Franklin and Oil City comprised the Outlaw league. The Castle Cords of this city also had a mushroom birth and expired after a season of good games at Cascade Park. Some big leaguers were members of the latter team. . . . City loop playoffs will begin this evening.

Hogan Faces Tough Field

Outstanding Stars In 'Tammy' Tourney

CHICAGO, Aug. 9.—(INS)—Bantam Ben Hogan of Fort Worth, Tex., U. S. open champion, is somewhat on the spot today because of his favorite status in the "world championship" golf tournament which gets under way at the Tam O'Shanter course.

Hogan is one of the finest players in the world when the chips are down for an important money tourney—as they are in the 72-hole medal play showdown at the Niles, Ill., course.

Real Opposition
First money is \$12,500. But there are other pros who go for the big purses—men like Lloyd Mangrum of Chicago, who is the world's leading money winner thus far this year, and Jim Ferrier, ex-Australian now of Chicago, who is runner up.

Not to mention Cary Middlecoff, who shot a 14-under-par last week as he blasted his way to first place on the same Tam course to win the 'All-American' tourney against the finest field of golfers—excluding Hogan—in the world.

Softball Playoff Friday Will Open Championship Series

Teamsters and Ross-Morelli open a five game playoff series Friday night at Gaston Park to determine the city softball champion.

Teamsters emerged league winners in both halves of play, compiling a 19-3 record, and Ross-Morelli ran second winning 18 and losing 5.

Scots were one run losers twice to the Teamsters in the post season four-team playoffs, 1-0, and 9-8, while Ross-Morelli was extended by Bossert to three games, winning 4-0 and 6-1, and losing 4-3.

In actual league meetings the two teams split four decisions with the Teamsters on top 3-0, and following a forfeit in which a disputed tie game was awarded them, Ross-Morelli was a one run victor twice, 4-3 and 3-2.

Shamrocks Hold Lead In Sylvan Heights League

Shamrocks, Shenango Pottery and United Engineering are battling it out for the second half championship of the Sylvan Heights Golf League.

The Shamrocks by winning a forfeit over Standard Steel now lead the Potters by four points and United by five and one half points. Two matches remain in the league schedule.

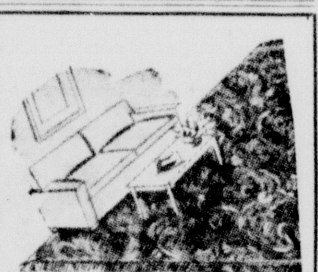

The Shamrocks still have the Potters and Gargasz to play, while the Potters have yet to face the Engineers after next week's match with the Shamrocks.

Last night's play was highlighted by one-under-par rounds of 35 by Pete Dimco, Stan Bukowski and Al Bucci, all on the front nine.

Joe Fava had a par 36, Jumbo Lombardo, Harry Tuscano and Bob Palmer 38's, and Joe Bertucci, Roy Mumford and Nick Daitorio 39's.

Hambletonian Classic Today

Twenty-One Horses Will Go To Post

GOSHEN, N. Y., Aug. 9.—(INS)—A record field of 21 impatient drivers and horses awaited post time today in the once-postponed \$95,263.93 Hambletonian stake—richest harness race in history.

Heavy rains forced the race to be held over yesterday because the muddy Good Time track would have been dangerous, especially with such an unwieldy field.

The 21 three-year-old trotters—walked and jogged yesterday on a short cinder path—will have to start in two tiers today, with 11 in the front rank and ten behind.

First Flight Play Very Close In Sylvan Heights Tournament

Tinny Lombardo defeated Dom Dimco one up in 20 holes, Sam Schenker defeated Fred Lombardo one up in 21 holes and defending champion Johnny Schneider defeated Stan Kardish one up in 19 holes in first round play in the Sylvan Heights championship flight.

In other first round matches, Harry Tuscano eliminated Hank Carbone, Louis Mallazio defeated John Wagner, Eddie Bogdon downed Fred Palmer.

Vic Rosatti, Ed Kardish, Chuck Rea, Stan Bukowski, Pete Dimco and Frank Clause drew byes. Several first round matches are yet to be played.

In second round matches Tinny Lombardo will meet Sam Schenker, Vic Rosatti will play Harry Tuscano, Louis Mallazio will meet Ed Kardish, Eddie Bogdon will meet Stan Bukowski and Pete Dimco will meet Frank Clause.

First round matches yet to be played are Charles Perrotta vs. George Hahn, Elmer Wainio vs. Bob Palmer, James Gaiore vs. Tony Ottovani and Frank Lasso vs. Eddie Gunther.

New Drivers Will See Action Saturday At Canfield Speedway

CANFIELD, O., Aug. 9.—Several new drivers are entered for the N.A.S.C.A.R. racing program at Canfield on Saturday night. Dick Hinds of Maple Heights, driving car No. 104 and Jerry Bryson of Struthers, O., driving No. 198; Johnny Duris of Bedford, O., will be back in competition in car No. 3; and Bud Matson, Cleveland, will be piloting the familiar No. 52.

The Canfield track has been regraded this week and is now in the finest condition of the year, smooth and lightning fast.

Gates to Canfield for the eight event, all reverse start program, which will be topped by a 25 lap feature, will open at 6:30; time trials at 7:00 and the first event at 8:30.

Kathleen Riley Eliminated In Golf Tournament

Kathleen Riley of New Castle lost two down to Miss Nancy Slaw of Norristown Wednesday in Pennsylvania Womens Golf Tournament play at the Allegheny Country Club.

Miss Riley, who threatened to take the lead on number 17, was stymied for the fifth time, and lost the hole. She was also beaten on number 19 to lose the match. Miss Slaw was tournament qualifying medalist.

Pvt. Frank Barr To Get Furlough

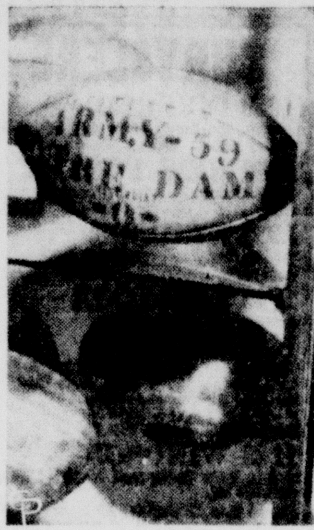

A pleasant surprise was included in a letter sent by Pvt. Frank Barr to his parents, Mr. and Mrs. Frank Barr, of Volant, this week. It was that the young serviceman expects to be home on two weeks' furlough during the Labor Day period.

Barr has been stationed in Camp Irwin, Calif., since completing his basic training at Camp Pickett, Va. Present orders are that he will return to the west coast at the end of his anticipated leave. He is planning to come home by car with three other men from the Youngstown area.

Following his basic training, he was assigned to the 325th Tank Bn.

Three Marine regiments recruited and trained in the U. S. served with the British navy in the West Indies in 1740.

Vanished Era?

THIS FOOTBALL, used in the historic 1944 game in which the Army shellacked Notre Dame, 59-0, one of West Point's proudest possessions in its trophy case, today seems a symbol of a vanished era, with most of Army's potential starting team for 1951 reportedly facing dismissal as result of revelations of classroom "cribbing."

Foresees End Of Dirt Roads In State Rural Districts

HARRISBURG, Aug. 9.—(INS)—Farmers can look ahead of the day when dirt roads will be but a memory in rural areas of Pennsylvania.

State Highway Secretary Ray F. Smock said recently that "it is possible" dirt roads will be replaced by improved ones within the next four years.

"This may not be taken as a definite promise, because there are so many uncontrollable factors, in the way," he stressed. Nevertheless, he insisted that "it is a reasonable goal to work toward."

Since January 1 the Highway Department has authorized construction of 1134 miles of rural system roadway, he said.

"Some of this work has been completed," he pointed out. "A portion is under way and the remainder soon will be under construction. But whether completed, under construction or to be started during the summer the entire 1134 miles has been authorized and will be completed."

Smock likes to tear down the fallacy that country roads are of no benefit to city people.

"People and goods must flow with equal facility between farm and city and city and farm," he said.

"Let's do away with this old idea of restricted benefits from a new roadway for in fact the whole commonwealth gains benefits from a new highway wherever it is built," said Smock.

"Residents of Pittsburgh and Philadelphia will benefit quite as much from our rural road program . . . as the farmer who lives along the roads to be improved."

Redwoods grow for upward of 2,500 years.

Escape Attempt Of Four Prisoners Foiled In Virginia

ARLINGTON, Va., Aug. 9.—(INS)—Four prisoners, including one of two men accused of kidnapping and raping a navy ensign's wife six weeks ago, were back in

Arlington jail after an attempted escape was thwarted.

Only one of the four got as far as the cellblock door, but before they gave up, Roland Howes, a 60-year-old assistant feller, had been held captive and beaten.

The prisoners who made the first attempt to break out of the new county jail were identified as accused rapist John Polk, 19; convicted jailbreaker and forger William Raymond Marsh, 22; Eugene H. Waterfield, 24, who is charged with housebreaking and grand larceny, and Albert Horch, 22, a prison trusty who is serving time for contributing to the delinquency of a minor.

Polk and William Payne, who was not involved in the escape plot, are both accused of kidnapping the ensign's bride from her Arlington home on June 26 and of raping her.

The inmates gave up when they found themselves locked in the cellblock with 10 scout cars and a hook-and-ladder fire engine outside the building.

Soviet Embassy Officials Have To Pass Driver's Tests

WASHINGTON, Aug. 9.—(INS)—Moscow and Washington were more or less tied today in the battle over driver's permits.

One Soviet embassy official passed his driving test—after a second

try—but another applicant collected 123 demerits, or 98 more than is permitted.

The latter did just about everything wrong, despite the presence of a friend who was waved aside by traffic officials after he was detected offering advice.

The second applicant drove too fast, failed three times to give a hand signal, turned too wide on corners, ignored the pedestrian right of way—and drove on the left side of the street.

The requirements for Soviet

drivers in Washington were tightened recently after the state department complained that Americans in Moscow have to be mechanics to get a driver's permit.

NOT SO YOUNG
SALTILLO, Miss.—A man begins to feel his age when he gets to be around 100, says Ben Boose, a centenarian. Boose, a slave before the Civil War, admits he feels all right sometimes, "and again sometimes I don't."
